

Piper Cub Reporter

Here's how you can be a cub reporter!

Visit your local airport. Ask if you can speak with a pilot, mechanic or air traffic controller. Tell him/her that you would like to ask some aviation career questions. It shouldn't be too difficult; folks usually like to talk about themselves!

Here are some reporter tips:

- ✓ Take good notes.
- ✓ Be polite when asking your questions.
- ✓ Use full sentences when writing your answers.
- ✓ Once the interview is over, thank the person for his or her time.

Here are some sample questions:

1. How old were you when you first got interested in aviation?
2. What is the most interesting thing about being a pilot, mechanic or air traffic controller?
3. Who is your aviation hero? Why?
4. If I could be you for one day, what is the first piece of advice you would give me?
5. What is the hardest thing about being a pilot, mechanic or air traffic controller?
