STUDENT PROGRAMS (CONTINUED)

PATHWAYS PROGRAM

The Pathways Program consists of three separate components:

- › Internship Program
- › Recent Graduates Program
- › Presidential Management Fellows Program

INTERNSHIP PROGRAM

The Internship Program is for current students who have been accepted for enrollment or are enrolled and seeking a degree in a qualifying educational institution, on a full- or half-time basis. The Internship Program provides students in colleges, trade schools and other qualifying educational institutions with paid opportunities to work in agencies and explore Federal careers while completing their education.

RECENT GRADUATES PROGRAM

The Recent Graduates Program provides developmental experiences in the federal government. It is intended to promote possible careers in the civil service to individuals who, within the previous two years, graduated from qualifying educational institutions with an associate's, bachelor's, master's, professional, doctorate, vocational or technical degree or certificate from qualifying educational institutions. To be eligible, applicants must apply within two years of degree or certificate completion except for veterans precluded from doing so due to their military service obligation, who will have up to six years after degree or certificate completion to apply.

PRESIDENTIAL MANAGEMENT FELLOWS (PMF PROGRAM)

The PMF Program provides leadership development for advanced degree (e.g., master's or professional degree) candidates. Executive Order 13562 expands the eligibility window for applicants, making it more "student friendly" by aligning it with academic calendars and allowing those who have received a qualifying advanced degree within the preceding two years to participate. It also directs the U.S. Office of Personnel Management to set eligibility requirements and minimum qualification standards, and to make the PMF experience more robust and substantive for participants.
