Dear Mr. Coleman:

Enabling Statute - Lien Recording

This is to respond to your letter dated October 7, 1991, in which you requested reference to an enabling statute which would permit recordation of a lien against an aircraft for work performed in the State of Ohio.

We also, have been unable to locate such a statute and are therefore, unable to recommend that the Registry accept and record a lien against an aircraft for work performed in the State of Ohio.

If you are successful in locating a statute that provides for recording artisan liens, or if the State of Ohio does enact such a statute, please inform us so that our list of states can be updated.

Thank you for your interest in this matter.

Sincerely,

Joseph R. Standell
Assistant Chief Counsel
