

Meleny Gomez

Meleny Gomez is a dynamic and client-focused professional with over ten years of experience in both business and government environments. She has a strong background in the aviation industry, where she's achieved remarkable success in her career. She demonstrates expertise in overseeing and analyzing key administrative processes, including congressional programs, compliance management, and delivering exceptional results.

Meleny is a notable leader in the National Black Coalition of Federal Aviation Employees (NBCFAE). Her impactful contributions to the NBCFAE go beyond her role as the National Public Affairs Chair and Headquarters Region Vice President. Meleny has been instrumental in creating captivating branding, web media, and other promotional content to raise awareness of NBCFAE and its events, including the highly anticipated annual national training conference taking place in Arlington this August 11-14. Recognizing the need for innovation, she successfully launched the NBCFAE conference app, revitalizing the platform after several years of inactivity. Her dedication to promoting the organization's mission and ensuring a seamless user experience highlights her ability to drive impactful change through strategic digital initiatives.

True to her commitment to professional development, Meleny is a proud graduate of the 2023 cohort of the Professional Women Controller's National Mentor Program. She successfully designed and co-led a Virtual Lunch & Learn session bringing together Women in leadership positions across the agency to facilitate discussions on overcoming challenges, embracing diversity, and empowering others, drawing from her own experiences as a Latina in the aviation industry.

Recognized for her work excellence and mission-critical contributions, Meleny has received a number of commendations throughout her career. Her proven track record has allowed her to grow into progressively responsible leadership support roles, further demonstrating her ability to thrive in challenging environments. In 2023, she created the Purchase Card Request (PCR) app, an innovative tool which streamlined the purchasing and approval process for her directorate.

Meleny is a graduate of Harrisburg Area Community College and currently resides in the DMV area. In her personal life, she embraces her creative side and enjoys traveling, music, photography, fashion, design, and reading.
