FY-2023 Supplemental Appropriation, Airport Improvement Program Anticipated Grants

NOTES

• List shown included as part of the Notice of Intent to Award approved by Secretary of Transportation on September 6, 2024.

Anticipated Grant Amount is based on corrected AIP Federal Share

• Figures shown may include costs other than hard construction (e.g., formulation costs such as planning or environmental, engineering design, contract administration, etc.).

Grant amounts subject to change once final bids are received.
Many of the projects will be able to proceed to construction bid and grant award in the near term. Others, however, are still finalizing legal or administrative requirements, and may not be ready for grant award until later in FY-2025.

FY-2023 Supplemental Appropriation, Airport Improvement Program Anticipated Grants

NOTES

• List shown included as part of the Notice of Intent to Award approved by Secretary of Transportation on September 6, 2024.

Anticipated Grant Amount is based on corrected AIP Federal Share

• Figures shown may include costs other than hard construction (e.g., formulation costs such as planning or environmental, engineering design, contract administration, etc.).

Grant amounts subject to change once final bids are received.
Many of the projects will be able to proceed to construction bid and grant award in the near term. Others, however, are still finalizing legal or administrative requirements, and may not be ready for grant award until later in FY-2025.

FY-2023 Supplemental Appropriation, Airport Improvement Program Anticipated Grants

NOTES

• List shown included as part of the Notice of Intent to Award approved by Secretary of Transportation on September 6, 2024.

Anticipated Grant Amount is based on corrected AIP Federal Share

• Figures shown may include costs other than hard construction (e.g., formulation costs such as planning or environmental, engineering design, contract administration, etc.).

Grant amounts subject to change once final bids are received.
Many of the projects will be able to proceed to construction bid and grant award in the near term. Others, however, are still finalizing legal or administrative requirements, and may not be ready for grant award until later in FY-2025.

RO	ADO	State	City	LOCID	Airport	Hub Type	Service Le	Project Description	Anticipated Grant Amount
					-			This award funds the reconstruction of 34,000 square yards of the existing south remain	
								overnight apron pavement that has reached the end of its useful life. This grant funds a	
								portion of the design, reconstruction, and expansion of the south apron, which will replace	
					San Antonio			the west apron as one of two overnight parking areas on the airport. The south apron	
SW	TEX	тх	San Antonio	SAT	International	м	Р	provides more efficient access to gates, thereby reducing emissions.	5,000,000
								This award funds the acquisition and installation of low-emission equipment including up to 4	
								electric pre-conditioned air units and associated hose management systems. The units and	
								associated systems will reduce emissions by eliminating the need for auxiliary power units for	
								idling aircraft and support the Federal Aviation Administration's Airports Climate Challenge	
SW	AROK	OK	Tulsa	TUL	Tulsa International	S	Р	initiative to achieve net-zero emissions of greenhouse gases (GHG) economy-wide by 2050.	1,000,000
								This award funds removal of a hill located approximately 500 feet to the east of Runway 6/24	
								identified as an obstruction by the Federal Aviation Administration to bring the airport into	
					Andrew Othole			conformity with current standards. This grant funds a portion of the project to remove the	
SW	LANM	NM	Zuni	XNI	Memorial	-	GA	hill that is within the Part 77 surface at the 24 end of the runway.	1,000,000
WP	HNL	GU	Tamuning	GUM	Guam International	S	Р	This award funds an Airport Microgrid Feasibility Study.	1,500,000
					Los Angeles				
WP	LAX	CA	Los Angeles	LAX	International	L	Р	This award funds Zero-Emission Battery-Electric Bus purchases.	9,941,400
					Metro Oakland				
WP	SFO	CA	Oakland	OAK	International	м	Р	This award funds Airport Perimeter Dike Improvement.	18,000,000
WP	HNL	HI	Kahului	OGG	Kahului	М	Р	This award funds the Apron Light Replacement project.	14,304,854
					Reno/Tahoe				
WP	PHX	NV	Reno	RNO	International	м	Р	This award funds the Airfield Signage Replacement project.	4,279,500
								This award funds an ADA compliance project. This project focuses on compliance with ADA	
								requirements with energy efficient infrastructure. Improvements to sidewalks, traffic	
								signage (for handicap), and bathroom upgrades to 12 restrooms across two terminals, will	
					John	1		support the section of our traveling public that experiences challenges in maneuvering access	
					Wayne/Orange			to the airport and its facilities. These upgrades provide for a more resilient and energy	
WP	LAX	CA	Santa Ana	SNA	County	м	Р	efficient facility, as well as one that meets federal requirements.	20,000,000
WP	LAX	CA	Van Nuys	VNY	Van Nuys	-	R	This award funds the Decarbonization Roadmap and Implementation Plan.	1,500,000
