ICAO Level 4 English Language Proficiency Criteria

1. **PRONUNCIATION-** *Assumes that English is not the applicant's first language and that the applicant has a dialect or accent that is intelligible to the aeronautical community.*

Pronunciation, stress, rhythm, and intonation are influenced by the applicant's first language, but only sometimes interfere with ease of understanding.

2. **STRUCTURE-** *Relevant grammatical structures and sentence patterns are determined by language functions appropriate to the task.*

Basic grammatical structures and sentence patterns are used creatively and are usually well controlled by the applicant. Errors may occur, particularly in unusual or unexpected circumstances, but rarely interfere with meaning.

3. **VOCABULARY**

The applicant's vocabulary range and accuracy are usually sufficient to communicate effectively on common, concrete, and work-related topics. The applicant can often paraphrase successfully when lacking vocabulary in unusual or unexpected circumstances.

4. **FLUENCY**

The applicant produces stretches of language at an appropriate tempo. There may be occasional loss of fluency on transition from rehearsed or formulaic speech to spontaneous interaction, but this does not prevent effective communication. The applicant can make limited use of discourse markers or connectors. Fillers are not distracting.

5. **COMPREHENSION**

Comprehension by the applicant is mostly accurate on common, concrete, and work-related topics when the dialect, accent or variety used is sufficiently intelligible. When the applicant is confronted with a linguistic or situational complication or an unexpected turn of events, comprehension may be slower or require clarification strategies.

6. **INTERACTIONS**

Responses by the applicant are usually immediate, appropriate, and informative. The applicant initiates and maintains exchanges even when dealing with an unexpected turn of events. The applicant deals adequately with apparent misunderstandings by checking, confirming, or clarifying.
