

RETURNING LEARNER SELF RE-ENROLLMENT

*We recommend printing these instructions or having them available during re-enrollment.
Most issues can be resolved using these instructions*

The following steps are intended for a learner to re-enroll with a previously completed course (i.e. refresher).

1. Visit <http://deliver.courseavenue.com/Login/cami> – this will take you to the Login page of the FAA CAMI eLearning System.
2. Login to the system using your email address as your user name and the password you provided when you created your account. Click “Log In.”

Current Enrollments

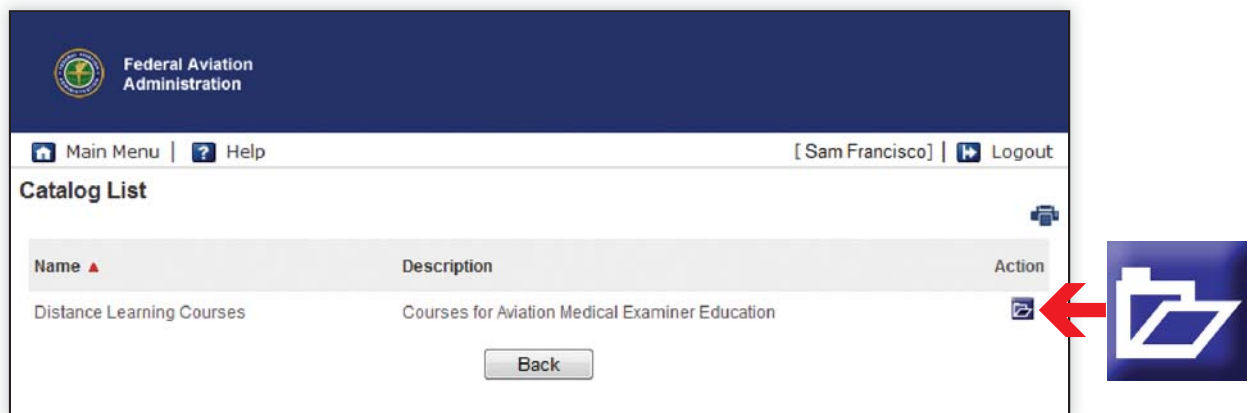

You are not currently enrolled in any courses.

Note: If you have already enrolled in a course, but have not completed it, simply navigate to the main menu and click “Launch” under the heading “Current Enrollments.”

3. From the Main Menu click “View My Catalogs” under the “Learner” heading.

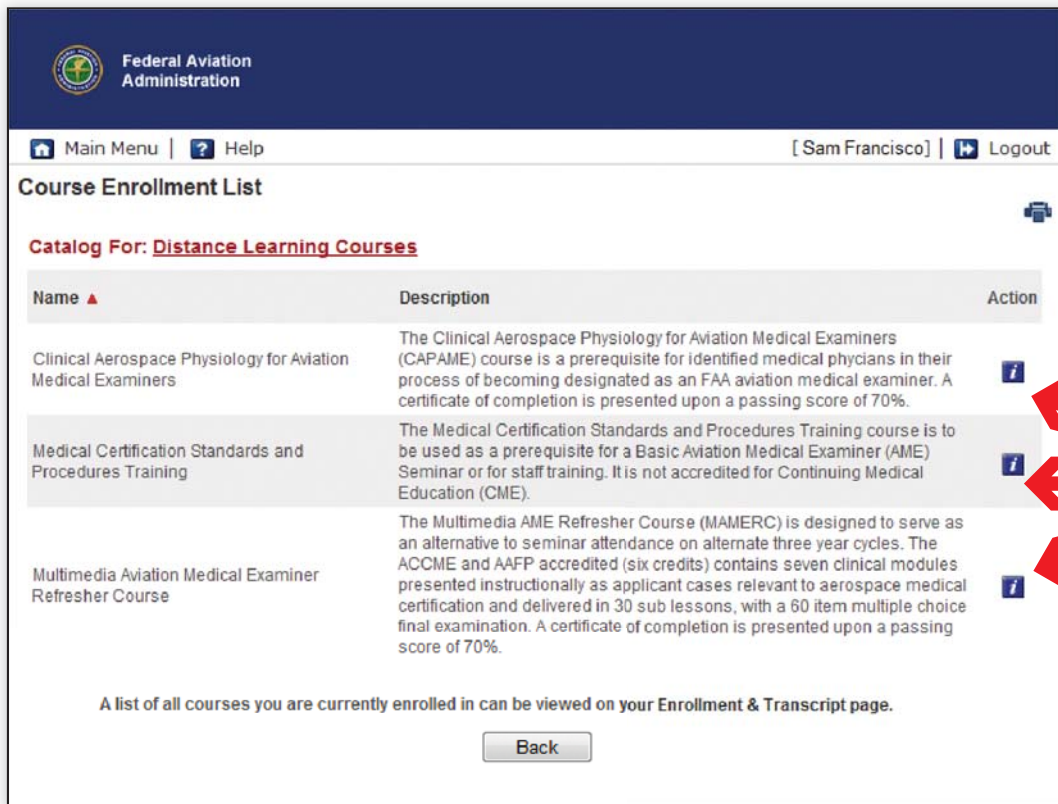

4. Click the “Catalog Details” button (📁) in the “Action” column.

You will see a list of all courses in the Aerospace Medicine Education Group.

- To select the appropriate course for your intended training, click the “Course Details” button () in the “Action” column next to the name of the course you wish to enroll in (e.g. Clinical Aerospace Physiology for Aviation Medical Examiners, etc.).

Course Enrollment List

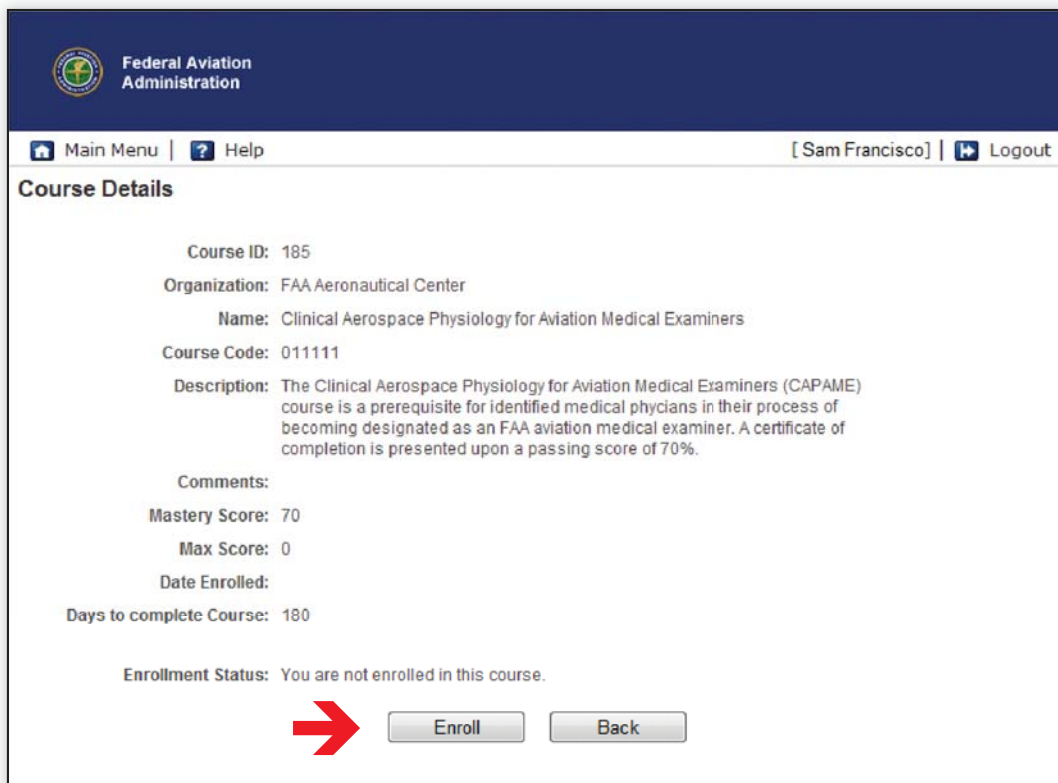

Catalog For: [Distance Learning Courses](#)

Name ▲	Description	Action
Clinical Aerospace Physiology for Aviation Medical Examiners	The Clinical Aerospace Physiology for Aviation Medical Examiners (CAPAME) course is a prerequisite for identified medical physicians in their process of becoming designated as an FAA aviation medical examiner. A certificate of completion is presented upon a passing score of 70%.	
Medical Certification Standards and Procedures Training	The Medical Certification Standards and Procedures Training course is to be used as a prerequisite for a Basic Aviation Medical Examiner (AME) Seminar or for staff training. It is not accredited for Continuing Medical Education (CME).	
Multimedia Aviation Medical Examiner Refresher Course	The Multimedia AME Refresher Course (MAMERC) is designed to serve as an alternative to seminar attendance on alternate three year cycles. The ACCME and AAFP accredited (six credits) contains seven clinical modules presented instructionally as applicant cases relevant to aerospace medical certification and delivered in 30 sub lessons, with a 60 item multiple choice final examination. A certificate of completion is presented upon a passing score of 70%.	

A list of all courses you are currently enrolled in can be viewed on your [Enrollment & Transcript](#) page.

Course Code: 011111

Description: The Clinical Aerospace Physiology for Aviation Medical Examiners (CAPAME) course is a prerequisite for identified medical physicians in their process of becoming designated as an FAA aviation medical examiner. A certificate of completion is presented upon a passing score of 70%.

Comments:

Mastery Score: 70

Max Score: 0

Date Enrolled:

Days to complete Course: 180

Enrollment Status: You are not enrolled in this course.

 [Enroll](#) [Back](#)

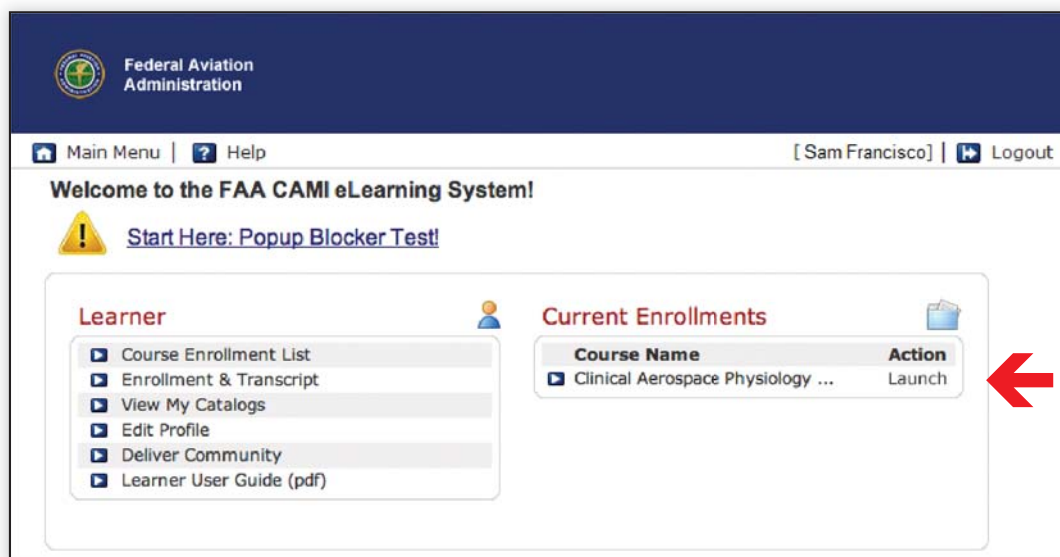

7. The page will refresh, and the “Enroll” button is replaced with a “Launch” button. Select this button to begin the course.

You have now successfully re-enrolled in and launched a course! If you need to exit and return later; simply click the “Exit” button in the course itself.

Note: AVOID CLOSING COURSES USING THE BROWSER EXIT “X” AS YOUR PROGRESS MAY NOT BE SAVED.

If you exit the course without completing it, the course will be available from the Main Menu under “Current Enrollments.” To return to your course in progress, select “Launch” under “Current Enrollments.”
