**SUPPLEMENTARY INFORMATION:**

On February 28, 2008, the FAA published the final rule, "Drug Enforcement Assistance" (73 FR 10662). Two years after this rule becomes effective, paper pilot certificates may no longer be used to exercise piloting privileges. Five years after this

rule becomes effective, certain other paper airmen certificates, such as those of flight engineers and mechanics, may no longer be used to exercise the privileges authorized by those certificates. To exercise the privileges after those respective dates, the airmen must hold upgraded, counterfeit-resistant plastic certificates. Student pilot certificates, temporary certificates, and authorizations are not affected. The rule contains information collection requirements that had not yet been approved by the Office of Management and Budget at the time of publication. In the DATES section of the rule, the FAA noted that affected parties did not need to comply with the information collection requirements until OMB approved the FAA's request to collect the information.

In accordance with the Paperwork Reduction Act, OMB approved that request on October 9, 2008, and assigned the information collection OMB Control Number 2120-0735. The FAA request was approved by OMB without change and expires on October 31, 2011. This notice is being published to inform affected parties of the approval of the information collection requirements of 14 CFR 61.19(h), 14 CFR 61.19(e), 14 CFR 63.15(d) and 14 CFR 65.15(d).
