**Subject:** RE: SpaceX Coastal Consistency

Hi Katy,

The consistency determination will be conducted by TCEQ for the 404/401 permit. GLO will not be conducting the consistency determination since the project is not a listed activity for FC review.

Hope this clarifies the process. Let me know if you have additional questions.

Merry Christmas and Happy New Year!

**Subject:** [EXTERNAL] SpaceX Coastal Consistency

Hi Jesse,

I hope you are doing well and getting ready for the holiday season. I wanted to touch base with you on the Coastal Consistency. The last time we spoke, you were going to confirm we did not need a consistency determination for the launch because it is not a listed action but we will need one for our 404/401 permit. Can you confirm this?

Thanks and hope you have a great holiday!
