

## FY2026 Airport Terminal Program Selections

May 18, 2026

State	City (Associated)	Airport	LocID	Project Description	Selection Amount
AK	Anchorage	Ted Stevens Anchorage International Airport	ANC	This award funds the replacement of approximately two passenger boarding bridges and associated ground power units to enhance the family travel experience.	\$3,022,400
AK	Fairbanks	Fairbanks International Airport	FAI	This award funds the rehabilitation of approximately 10 public restrooms in the terminal concourse to enhance the existing family facilities.	\$2,850,000
AK	Juneau	Juneau International Airport	JNU	This award funds the design and construction of the Airport Traffic Control Tower (ATCT) roof that has reached its useful life to enhance the public travel experience.	\$963,247
AK	Ketchikan	Ketchikan International Airport	KTN	This award funds a portion of the terminal reconstruction project, which includes the baggage handling system and passenger gate area to improve the structural integrity, accessibility, and operational effectiveness of the existing terminal to enhance the family travel experience.	\$1,000,000
AL	Huntsville	Huntsville Intl-Carl T Jones Fld	HSV	This award funds the modernization of the public restrooms in the Terminal South Concourse to enhance the family travel experience.	\$2,800,000
AL	Birmingham	Birmingham-Shuttlesworth International Airport	BHM	This award funds the replacement of five baggage carousels in the terminal and customs baggage claim areas to enhance efficiency and the family travel experience.	\$6,000,000
AL	Montgomery	Montgomery Regional Airport	MGM	This award funds the rehabilitation of approximately four public restrooms in the terminal concourse to enhance the existing family facilities.	\$4,000,000
AL	Gulf Shores	Gulf Shores International Airport at Jack Edwards Field	JKA	This award funds a portion of the expansion of the existing terminal, which includes family restrooms, a children's play area, an exercise area, and family hold rooms to enhance the family travel experience.	\$2,000,000
AL	Elba	Carl Folsom Field	14J	This award funds the construction of a new general aviation terminal.	\$475,000
AR	Little Rock	Bill and Hillary Clinton National Airport	LIT	This award funds Phase 1 for the replacement of the common-use baggage handling system (BHS) upgrade in the passenger terminal. This project increases energy efficiency, providing an upgraded BHS, which is better able to handle increased demand at the airport.	\$2,500,000
AR	Bentonville	Northwest Arkansas National Airport	XNA	This award funds Phase 1 of the 103,000 square foot expansion of the passenger terminal, which includes new post security hold rooms and an additional seven gates that meet ADA requirements to increase energy efficiency to enhance the family travel experience.	\$2,500,000
AR	West Memphis	West Memphis Municipal Airport	AWM	This award funds phase 1 of the 5,000 square foot reconstruction of the General Aviation Terminal which includes roof replacement, structural repairs and ADA upgrades that meet the requirements of the Americans with Disabilities Act (ADA) and to increase energy efficiency to enhance the family travel experience.	\$427,000

## FY2026 Airport Terminal Program Selections

May 18, 2026

State	City (Associated)	Airport	LocID	Project Description	Selection Amount
AZ	Phoenix	Phoenix Sky Harbor International Airport	PHX	This award funds PHX's continued Terminal 4 (T4) infrastructure modernization program, replacing the existing roofing on T4's N1, N2, N3 concourses and connector bridges with a new high-performance roof system. The new roof system restores integrity, enhances durability, and reduces life-cycle maintenance for this critical airport infrastructure component.	\$18,668,000
CA	San Jose	Norman Y. Mineta San José International Airport	SJC	This award funds the replacement of six elevators in the terminal. The project will bring the elevators up to the current building standards and seismic codes and address ADA compliance to reduce breakdowns, generate energy savings, and improve safety and enhance family travel experience.	\$3,000,000
CA	Santa Ana	John Wayne Airport - County of Orange	SNA	This award funds the replacement of up to twelve elevators and three escalators in Terminals A, B, and C, which will bring the escalators and elevators up to current building standards and seismic codes and address ADA compliance to enhance the family travel experience.	\$7,000,000
CA	Imperial	Imperial County Airport	IPL	This award funds the improvements to the terminal access road which includes accessible ADA parking, circulation area, associated ADA sidewalk, pickup and drop-off area in front of terminal for the exclusive use of airport traffic to enhance the public travel experience.	\$2,800,000
CA	Monterey	Monterey Peninsula Airport District	MRY	This award funds the acquisition and installation of five passenger boarding bridges for the new relocated terminal to enhance the family travel experience.	\$1,500,000
CA	San Luis Obispo	SLO County Airport	SBP	This award funds the replacement of the terminal's undersized and outdated outbound baggage screening system to meet current operational demand in the airport's terminal baggage claim area to enhance the family travel experience.	\$2,255,000
CO	Colorado Springs	Colorado Springs Airport	COS	This award funds the approximately 2,500 square foot reconstruction of the concourse, which includes post security hold rooms, gate reconstruction, and family amenities that meet ADA requirements to enhance the family travel experience.	\$7,500,000
CO	Hayden	Yampa Valley Regional Airport	HDN	This award funds approximately 1,900ft <sup>2</sup> expansion of the Terminal which includes installation of one PBBs, family restrooms, and mother's room that meet the requirements of the Americans with Disabilities Act (ADA) to enhance the family travel experience.	\$1,500,000
CT	Windsor Locks	Bradley International Airport	BDL	This award funds a portion of the 75,010 square foot terminal expansion, which includes space for an In-Line Checked Baggage Inspection System (CBIS), a baggage handling system (BHS) control room, post security passenger hold-rooms, and a new airline gate(s) to accommodate increased airline operations and competition to enhance the family travel experience.	\$7,000,000
CT	New Haven	Tweed New Haven Airport	HVN	This award partially funds the construction of a new 81,568 square foot terminal, which will add four gates, increase the passenger screening checkpoint areas, a new baggage handling system and other space to accommodate increased demand to enhance the family travel experience.	\$10,000,000

## FY2026 Airport Terminal Program Selections

May 18, 2026

State	City (Associated)	Airport	LocID	Project Description	Selection Amount
FL	Miami	Miami International Airport	MIA	This award funds the final phase of the Terminal Concourse K reconstruction, which includes an additional six boarding gates and holdrooms to enhance the family travel experience.	\$30,000,000
FL	Orlando	Orlando International Airport	MCO	This award funds the modernization of approximately five public restrooms in Terminal Concourse 1 and 3 to enhance the existing family facilities.	\$33,000,000
FL	Tampa	Tampa International Airport	TPA	This award funds the final phase of the installation of approximately three passenger boarding bridges at the new Terminal D to enhance the family travel experience.	\$8,000,000
FL	Tampa	Tampa International Airport	TPA	This award funds the final phase of the replacement of approximately 13 passenger boarding bridges at Terminal E to enhance the family travel experience.	\$21,524,528
FL	Fort Lauderdale	Fort Lauderdale-Hollywood International Airport	FLL	This award funds the final phase of the terminal reconstruction, which includes HVAC units to increase energy efficiency to enhance the family travel experience.	\$17,711,220
FL	West Palm Beach	Palm Beach International Airport	PBI	This award funds a portion of the 17,300 ft <sup>2</sup> expansion of the Terminal Concourse B, which includes new restrooms, mother's rooms, and new sensory room to enhance the family travel experience.	\$10,000,000
FL	Panama City	Northwest Florida Beaches International Airport	ECP	This award funds a portion of the 80,000 square foot expansion of the North Terminal which includes an additional three gates and the baggage handling system to enhance the family travel experience.	\$8,000,000
FL	Pensacola	Pensacola International Airport	PNS	This award funds a portion of the expansion of the terminal which includes 8,400 square foot security checkpoint area and public restrooms to enhance the family travel experience.	\$9,000,000
FL	Tallahassee	Tallahassee International Airport	TLH	This award funds a portion of the expansion of the terminal, which includes security checkpoint areas and public restrooms to enhance the family travel experience.	\$3,000,000
FL	Daytona Beach	Daytona Beach International Airport	DAB	This award funds the replacement of approximately 6 passenger boarding bridges to enhance the family travel experience.	\$1,500,000
FL	Lakeland	Lakeland Linder International Airport	LAL	This award funds a portion of the terminal expansion which includes hold rooms, public restrooms and children's play area to enhance the family travel experience.	\$4,800,000
GA	Atlanta	Hartsfield-Jackson Atlanta International Airport	ATL	This award funds the replacement of antiquated components including preconditioned air system in Terminal Concourses B and E for increased energy efficiency and reduced energy consumption to enhance the family travel experience.	\$28,000,000
GA	Savannah	Savannah / Hilton Head International Airport	SAV	This award funds the reconstruction of the passenger terminal, which includes updated baggage claim, ticket lobby, and main atrium areas to enhance the family travel experience.	\$10,000,000
GA	Peachtree City	Atlanta Regional Airport - Falcon Field	FFC	This award funds the construction of a new sponsor-owned Airport Traffic Control Tower to enhance air traffic safety.	\$8,925,000

## FY2026 Airport Terminal Program Selections

May 18, 2026

State	City (Associated)	Airport	LocID	Project Description	Selection Amount
GU	Tamuning	Antonio B. Won Pat International Airport, Guam	GUM	This award funds the modernization of the escalators, elevators, and moving walkways up to the current building standards, seismic codes and addresses ADA compliance to reduce breakdowns, generate energy savings, and improve safety and enhance family travel experience.	\$5,336,000
HI	Hilo	Hilo International Airport	ITO	This award funds the modernization of the fire sprinkler system in the Main Terminal at ITO. The project includes replacement of outdated sprinkler heads and the addition of new sprinkler heads to meet the latest fire, safety, and building codes and enhancing the family travel experience.	\$1,664,000
IA	Des Moines	Des Moines International Airport	DSM	This award funds the expansion and reconstruction of the existing passenger terminal, which includes up to four additional gates that meet ADA requirements to increase energy efficiency and enhance the family travel experience.	\$6,000,000
IA	Cedar Rapids	Eastern Iowa Airport	CID	The award funds the improvement to the baggage handling system due to an increase in demand to enhance the family travel experience.	\$6,000,000
IA	Fort Dodge	Fort Dodge Regional Airport	FOD	This award funds the terminal modernization, which will add a family restroom, a mother's room, a holding area to improve the family travel experience.	\$1,000,000
IA	Burlington	Southeast Iowa Regional Airport	BRL	This award funds the expansion/reconstruction of the terminal which includes expansion of the hold room and additional restrooms that meet the requirements of the Americans with Disabilities Act (ADA)/to increase energy efficiency to enhance the family travel experience.	\$2,750,000
ID	Boise	Boise Airport	BOI	This award funds the installation of a new central utility plant to accommodate the terminal expansion for increased energy efficiency and reliability.	\$6,000,000
ID	Boise	Boise Airport	BOI	This award funds the reconstruction of the existing passenger terminal, which includes elevators and escalators that meet ADA requirements to enhance the family travel experience.	\$2,880,000
ID	Hailey	Friedman Memorial Airport	SUN	This award funds the design and bidding of a relocated sponsor-owned Airport Traffic Control Tower to facilitate meeting safety standards.	\$2,000,000
IL	Moline	Quad Cities International Airport	MLI	This award funds the 6,200 square foot reconstruction of the Terminal, which includes ticketing area, baggage claim area, and 3 restrooms that meet the requirements of the Americans with Disabilities Act (ADA) and increase energy efficiency to enhance the family travel experience.	\$3,300,000
IL	Peoria	General Wayne A. Downing Peoria International Airport	PIA	This award funds the replacement of the existing Airport Traffic Control Tower, which includes construction and installation of the tower cabling and equipment for the base building and related infrastructure that has reached the end of its useful life to enhance air traffic safety and efficiency.	\$3,800,000
IN	Indianapolis	Indianapolis International Airport	IND	This award funds the replacement of antiquated components including the baggage handling system in the Terminal for increased energy efficiency and reduced energy consumption to enhance the family travel experience.	\$5,000,000

## FY2026 Airport Terminal Program Selections

May 18, 2026

State	City (Associated)	Airport	LocID	Project Description	Selection Amount
IN	Richmond	Richmond Municipal Airport	RID	This award funds the 3,530 square foot reconstruction of the Terminal to improve the structural integrity, accessibility, and operational effectiveness of the existing terminal to enhance the family travel experience.	\$1,400,000
KS	Salina	Salina Regional Airport	SLN	This award funds the reconstruction of the terminal, which includes the lobby and restrooms that meet ADA requirements to enhance the family travel experience.	\$1,900,000
KY	Hebron	Cincinnati/Northern Kentucky International Airport	CVG	This award funds passenger conveyance equipment for CVG's terminal and concourse A and B. These improvements will better accommodate families moving through the airport.	\$10,000,000
KY	Lexington	BLUE GRASS AIRPORT	LEX	This award funds the rehabilitation of approximately six public restrooms in the terminal concourse to enhance the existing family facilities.	\$3,800,000
LA	Kenner	Louis Armstrong New Orleans International Airport	MSY	This award funds a portion of Phase 4 for the construction of a new terminal people mover system to accommodate the movement of passengers between terminals to enhance the public travel experience.	\$8,400,000
LA	Shreveport	Shreveport Regional Airport	SHV	This award funds a portion of the relocation and reconstruction of an FAA operated air traffic control tower necessitated by ongoing terminal expansion to increase capacity and correcting existing line of sight issues to enhance safety.	\$8,433,000
LA	Alexandria	Alexandria International Airport	AEX	This award funds a portion of the modernization of the existing terminal, which includes an ADA-complaint mother's room, a secure exit lane, and a high-efficiency baggage system to enhance the family travel experience.	\$1,000,000
MA	Boston	General Edward Lawrence Logan International	BOS	The award funds the renovation of four Kidports areas across Terminal A, Terminal B, and Terminal C, which will provide renovated modern space that will allow for new play structures and themes for children of all stages of development.	\$2,880,000
MA	Boston	General Edward Lawrence Logan International	BOS	This award funds the rehabilitation of 20 public restrooms which includes updated layouts, durable finishes, modern efficient fixtures, enhanced lighting, and improved wayfinding to enhance the family travel experience.	\$19,000,000
MA	Vineyard Haven	Martha's Vineyard Airport	MVY	This award partially funds the rehabilitation and expansion of the existing passenger terminal building, which includes improvements to post security passenger hold rooms, passenger security screening checkpoints, airline ticketing, and related areas to accommodate increased demand to enhance the family travel experience.	\$2,180,000
MA	New Bedford	New Bedford Regional Airport	EWB	This award funds the replacement of the existing sponsor-owned Airport Traffic Control Tower including construction for the base building and related infrastructure to enhance air traffic safety.	\$2,820,000

## FY2026 Airport Terminal Program Selections

May 18, 2026

State	City (Associated)	Airport	LocID	Project Description	Selection Amount
MI	Detroit	Detroit Metropolitan Airport	DTW	This award funds replacement of approximately 20 passenger boarding bridges and associated ground power units to enhance the travel experience.	\$26,400,000
MI	Grand Rapids	Gerald R Ford International Airport	GRR	This award funds a portion for the 37,100 square foot reconstruction of the Terminal Concourse B, which includes family-centric post security hold rooms and restrooms that meet the requirements of the Americans with Disabilities Act (ADA) and increase energy efficiency to enhance the family travel experience.	\$6,000,000
MI	Newberry	Luce County Airport	ERY	This award funds the 1,248 square foot Terminal reconstruction project to improve the structural integrity, accessibility, and operational effectiveness of the existing terminal to enhance the family travel experience.	\$495,000
MI	Alma	Gratiot Community Airport	AMN	This award funds the 1,900 square foot reconstruction of the Terminal to improve the structural integrity, accessibility, and operational effectiveness of the existing terminal to enhance the family travel experience.	\$1,289,000
MI	Traverse City	Cherry Capital Airport	TVC	This award funds replacement of approximately four passenger boarding bridges and associated ground power units to enhance the family travel experience.	\$5,034,500
MN	Aitkin	Aitkin Municipal Airport	AIT	This award funds the new 1,600 square foot terminal building for historically disadvantaged populations in the region to accommodate increased airline operations and competition to enhance the family travel experience.	\$1,330,000
MN	Duluth	Duluth International Airport	DLH	This award funds the remaining portion for the replacement of the existing Airport Traffic Control Tower, which includes construction and enabling activities to enhance overall air traffic safety.	\$6,300,000
MN	Brainerd	Brainerd Lakes Regional Airport	BRD	This award funds the replacement of antiquated components including HVAC system and boilers in the Terminal for increased energy efficiency and reduced energy consumption to enhance the family travel experience.	\$237,500
MN	St. Cloud	St. Cloud Sky Central Airport	STC	This award funds the rehabilitation and expansion of approximately 2 public restrooms and mother's room in the terminal concourse to enhance the existing family facilities.	\$570,000
MO	St. Louis	St. Louis Lambert Intl Airport	STL	This award funds a portion of the replacement of the central utility plant to replace antiquated systems and enable the construction of the new terminal. It will provide for increased energy efficiency and modernize the system to enhance the family travel experience.	\$30,000,000
MO	Cape Girardeau	Cape Girardeau Regional Airport	CGI	This award funds the installation/replacement of a passenger boarding bridge and associated ground power units to enhance the family travel experience.	\$1,350,000

## FY2026 Airport Terminal Program Selections

May 18, 2026

State	City (Associated)	Airport	LocID	Project Description	Selection Amount
MP	Saipan	Francisco C Ada/Saipan International Airport	GSN	This award funds the acquisition and installation of common-use terminal equipment at ticket counters and boarding gates to improve operational flexibility and reduce passenger wait times, enhancing the family traveling experience.	\$2,095,000
MS	Columbus	Golden Triangle Regional Airport	GTR	This award funds a portion of the 1,200 square foot expansion of the existing terminal, which includes a mother's room, two family restrooms, a children's play area, and baggage system modernization to enhance the family travel experience.	\$2,000,000
MS	Natchez	Natchez-Adams County Airport	HEZ	This award funds a new 10,000 square-foot terminal to accommodate increased airline operations and to enhance the family travel experience.	\$1,500,000
MS	Meridian	Meridian Regional Airport (Key Field)	MEI	This award funds a portion of the final phase of the terminal replacement, which includes family-friendly restrooms, a family security screening lane, a children's play area, and an exercise area to enhance the family travel experience.	\$2,000,000
MS	Tupelo	Tupelo Regional Airport	TUP	This award funds the terminal expansion which includes 1 gate service area, security checkpoint area and a family-friendly screening lane to enhance the family travel experience.	\$2,000,000
MT	Bozeman	Bozeman Yellowstone International Airport	BZN	This award funds a portion of the reconstruction of the passenger terminal, which includes additional security checkpoint lanes, an additional three gates, and additional baggage claim carousels which will enhance the family travel experience.	\$11,500,000
MT	Billings	Billings Logan International Airport	BIL	This award funds the approximately 20% of the reconstruction of the ticketing area which includes a new baggage handling system and improved HVAC and electrical systems that meet the requirements of the Americans with Disabilities Act (ADA)/to increase energy efficiency.	\$3,500,000
NC	Charlotte	Charlotte-Douglas International Airport	CLT	This award funds the replacement of the roofing system and HVAC units in the main and south atrium and Terminal Concourse D for increased energy efficiency to enhance the family travel experience.	\$28,000,000
NC	Raleigh	Raleigh-Durham International Airport	RDU	This award funds the expansion Terminal 2 which includes new ticket lobby, check-in, baggage claim and security checkpoint areas to enhance the family travel experience.	\$10,000,000
NC	Greensboro	Piedmont Triad International Airport	GSO	This award funds a portion of the reconstruction of the Terminal South Concourse which includes holdroom modernization and air handler units to increase energy efficiency and enhance family travel experience.	\$5,000,000
ND	Fargo	Hector International Airport	FAR	This award funds a portion of Phase 4 of the four-gate expansion of the existing passenger terminal, which includes installation of approximately one passenger boarding bridge.	\$1,000,000
ND	Rolla	Rolla Municipal Airport	06D	This award funds the 650 square foot reconstruction of the Terminal to improve the structural integrity, accessibility, and operational effectiveness of the existing terminal to enhance the family travel experience.	\$1,425,000

## FY2026 Airport Terminal Program Selections

May 18, 2026

State	City (Associated)	Airport	LocID	Project Description	Selection Amount
ND	Bismarck	Bismarck Municipal Airport	BIS	This award funds design for the 74,000 square foot reconstruction of the Terminal to improve the structural integrity, accessibility, and operational effectiveness of the existing terminal to enhance the family travel experience.	\$1,000,000
NH	Manchester	Manchester-Boston Regional Airport	MHT	This award funds replacement of three large air handling units for the terminal building and five rooftop units for the terminal access walkway for increased energy efficiency and to enhance the family travel experience.	\$4,740,000
NM	Albuquerque	Albuquerque International Sunport	ABQ	This award funds Phase 2 of the 60 square foot terminal reconstruction to provide additional baggage screening to meet the increased demand and needs of the airport.	\$5,000,000
NM	Santa Fe	Santa Fe Regional Airport	SAF	This award funds a portion of the 44,000 square foot expansion Passenger Terminal which includes additional 5 gates, additional 4 checkpoint lanes, and additional 4 restrooms that meet the requirements of the Americans with Disabilities Act (ADA) and increase energy efficiency to enhance the family travel experience.	\$10,000,000
NV	Reno	Reno-Tahoe International Airport	RNO	This award funds the continuation of the A&B oncourse reconstruction, which replaces all gates and will enhance the travel experience by doubling post security hold room sizes, upgrading the current restrooms with changing areas, adding mother's rooms, and integrating 100% common use gates for greater airline flexibility and more competition.	\$20,000,000
NV	Owyhee	Owyhee Airport	10U	This award funds the construction of a General Aviation Terminal at the Owyhee Airport. The terminal will provide an ADA-accessible restroom, refreshment area, flight planning area, lounge area, and covered porch. The project will also include construction of supporting utility infrastructure and ADA-accessible parking and walkways. The terminal will accommodate general aviation operations and competition to enhance the family travel experience.	\$950,000
NY	Buffalo	Buffalo Niagara International Airport	BUF	This award funds the installation and replacement of up to eight existing passenger boarding bridges, including new ground power units and preconditioned air units, to improve airport infrastructure, operational efficiency, and enhance the travel experience.	\$8,700,000
OH	Columbus	John Glenn Columbus International Airport	CMH	This award funds replacement of approximately nine passenger boarding bridges and associated ground power units to enhance the family travel experience.	\$6,977,600
OH	Toledo	Eugene F. Kranz Toledo Express Airport	TOL	This award funds replacement of antiquated components including HVAC equipment and ductwork within the existing sponsor-owned and FAA staffed Air Traffic Control Tower.	\$1,425,000
OK	Oklahoma City	OKC Will Rogers International Airport	OKC	This award funds Phase 2 of the rehabilitation, modernization, and expansion of approximately four public restrooms, including the addition of two fully accessible adult changing rooms in the terminal concourse to enhance the family travel experience.	\$2,500,000

## FY2026 Airport Terminal Program Selections

May 18, 2026

State	City (Associated)	Airport	LocID	Project Description	Selection Amount
OK	Tulsa	Tulsa International Airport	TUL	This award funds the installation of approximately four passenger boarding bridges and associated ground power units to enhance the family travel experience.	\$2,500,000
OK	Vinita	Vinita Municipal Airport	H04	This award funds the new 2,800 square foot General Aviation Terminal, which will provide a modern facility for ADA compliance, for historically disadvantaged populations in the region and to accommodate increased general aviation operations to enhance the family travel experience.	\$1,140,000
OR	Portland	Portland International Airport	PDX	This award funds the rehabilitation, modernization, and/or expansion of approximately three public restrooms in the terminal concourse to enhance the existing facilities.	\$4,120,000
OR	Eugene	Eugene Airport - Mahlon Sweet Field	EUG	This award funds a portion of the 42,000 square foot expansion of the new consolidated in line baggage handling system and baggage makeup area to meet the needs of the airport and enhance the family travel experience.	\$2,000,000
PA	Philadelphia	Philadelphia International Airport	PHL	This award partially funds improvements to Terminals D and E that have reached the end of their useful lives under the Terminal Energy Optimization Program, which includes baggage makeup expansion upgrades, improvements to terminal infrastructure, operational efficiency, and passenger service to enhance the family travel experience.	\$17,568,000
PA	Pittsburgh	Allegheny County Airport Authority (ACAA)	PIT	This award partially funds the rehabilitation of the airside terminal, which includes the replacement of flooring, restoration of columns and bulkheads, and replacement of 32-year-old moving walkways in the concourses to improve terminal infrastructure, passenger mobility, and the family travel experience.	\$3,300,000
PA	Harrisburg	Harrisburg International Airport	MDT	This award funds the installation and replacement of up to six passenger boarding bridges and associated ground power units to enhance the family travel experience.	\$6,200,000
PA	Beaver Falls	Beaver County Airport	BVI	This award partially funds the reconstruction of the Air Traffic Control Tower (ATCT) at Beaver County Airport to correct line-of-sight deficiencies, meet ADA requirements to improve air traffic safety and operational efficiency. The project also supports the Community College of Beaver County's Air Traffic Control program, helping train future air traffic controllers and pilots.	\$2,500,000
PA	State College	State College Regional Airport	UNV	This award funds the replacement of up to two passenger boarding bridges, two ADA-compliant fixed ramps, and the enclosure and conditioning of the existing breezeway, to improve airport infrastructure, accessibility for families and passengers with disabilities, and overall passenger comfort to enhance the family travel experience.	\$4,500,000
PA	Avoca	Wilkes-Barre/Scranton International Airport	AVP	This award funds a portion of the modernization of the existing terminal, which includes construction of a mother's room, children's play area, and expanded security lane to enhance the family travel experience.	\$3,000,000

## FY2026 Airport Terminal Program Selections

May 18, 2026

State	City (Associated)	Airport	LocID	Project Description	Selection Amount
PW	Palau	Palau International Airport	ROR	This award funds a terminal renovation project which will create enhanced security screening space and refurbish sections of passenger boarding bridges to enhance the family travel experience.	\$2,400,000
SC	Myrtle Beach	Myrtle Beach International Airport	MYR	This award funds a portion of the expansion of the terminal which includes up to nine security screening checkpoints and queuing space, to reduce wait times and enhance the family travel experience.	\$5,400,000
SC	Greer	Greenville-Spartanburg International Airport	GSP	This award funds the first phase of the terminal expansion, which includes baggage handling upgrades to enhance the family travel experience.	\$5,000,000
SD	Sioux Falls	Sioux Falls Regional Airport	FSD	This award funds a portion of Phase 2 of the six gate expansion of the existing passenger terminal at the airport. This project includes updated and modern restrooms, and a mother's room that meets ADA requirements, enhancing the family travel experience.	\$5,000,000
SD	Rapid City	Rapid City Regional Airport	RAP	This award funds a portion of Phase 3 for rehabilitation and expansion of the existing passenger terminal, which includes enhanced post security hold rooms, family restrooms, mother's room, and adult changing stations that meet ADA requirements to enhance the family travel experience.	\$1,000,000
SD	Belle Fourche	Belle Fourche Municipal Airport	EFC	This award funds the 1,600 square foot reconstruction of the Terminal, which includes to reconfigure hold rooms and restrooms that meet the requirements of the Americans with Disabilities Act (ADA) and increase energy efficiency to enhance the family travel experience.	\$541,500
TN	Alcoa	McGhee Tyson Airport	TYS	This award funds a portion of the reconstruction of the terminal which includes up to 6 security screening checkpoints to enhance the family travel experience.	\$10,000,000
TN	Ridgewood	Rockwood Municipal Airport	RKW	This award funds a portion of a new general aviation terminal.	\$800,000
TX	Fort Worth	Dallas-Ft. Worth International Airport	DFW	This award funds a portion of the construction costs for the expansion, modernization, and reconstruction of 37 airside restrooms within all 5 terminals to increase efficiencies in the movement of passengers as well as increase efficiencies and ADA accessibility.	\$8,000,000
TX	Austin	Austin-Bergstrom International Airport	AUS	This award funds a portion of the new 860,810 square foot new Midfield Concourse B and tunnel connecting to Concourse A, which will add 20 new gates and related infrastructure to meet the current and future demand at the airport.	\$90,000,000
TX	Houston	George Bush Intercontinental Airport	IAH	This award funds the replacement of HVAC and related systems in Terminal D for increased energy efficiency to enhance the family travel experience.	\$9,000,000
TX	San Antonio	San Antonio International Airport	SAT	This award funds Phase 6 of the new 850,000 square foot Terminal C, which will add 18 gates to accommodate increased demand and competition at the airport.	\$10,000,000
TX	Houston	William P. Hobby Airport	HOU	This award funds the rehabilitation of approximately five public restrooms in the terminal concourse to enhance the existing family facilities.	\$1,600,000

## FY2026 Airport Terminal Program Selections

May 18, 2026

State	City (Associated)	Airport	LocID	Project Description	Selection Amount
TX	McAllen	McAllen International Airport	MFE	This award funds a portion of Phase 2 for the 85,952 square foot expansion of the passenger terminal which includes ticketing, space for two additional security checkpoint lanes, and two additional gates that meet ADA requirements for increased energy efficiency to enhance the family travel experience.	\$7,000,000
TX	Midland	Midland International Air & Space Port	MAF	This award funds Phase 3 of the 37,229 square foot expansion of the existing passenger terminal, which includes an additional four checkpoint lanes, new elevators, HVAC and related systems that meet ADA requirements and increase energy efficiency to enhance the family travel experience.	\$4,000,000
TX	Abilene	Abilene Regional Airport	ABI	This award funds a portion of the 4,000 square foot expansion of the Passenger Terminal which includes an updated Baggage Handling System and an expanded hold room that meet the requirements of the Americans with Disabilities Act (ADA) and to enhance the family travel experience.	\$5,000,000
UT	Salt Lake City	Salt Lake City International Airport	SLC	This award funds the expansion of the existing passenger security screening checkpoint including dedicated family security lanes and standard lanes to enhance the family travel experience.	\$6,636,000
VA	Dulles	Washington Dulles International Airport	IAD	This award partially funds the construction of a new 14-gate, 400,000 square foot terminal building, which includes direct connections to the Aerotrains and an indirect connection to Metrorail, improving airport infrastructure, enhancing passenger access for families, and adding operational efficiency.	\$41,800,752
