

#### **WHEN**

The Applicant generates and submits DCTs or FAA assigns DCTs

The FAA sends a DCT to the CH/A

#### **WHERE**

SAS Menu Certification Request Data Collection Tools

#### **WHY**

To generate, complete, or update DCTs

#### **WHO**

Certificate Holders and Applicants

#### What is it?

#### **Data Collection Tools (DCTs) (External User)**

Applicants use the SAS External Portal to generate and perform DCTs.

- Applicants must generate DCTs to be completed and submitted.
- Applicants have the ability to begin working on DCTs before the Certification Project Manager (CPM) is assigned. However, the CPM must be assigned before DCTs can be submitted.

Certificate Holders use the SAS External Portal to submit Element Design Data Collection Tools (ED DCTs) requested by the FAA.

Please note that a Custom DCT may be assigned by the FAA in lieu of the ED DCTs.

#### **DCT**

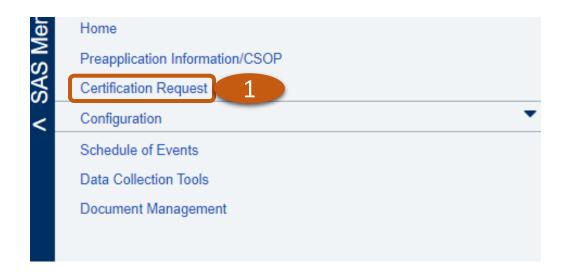

- The Applicant's Configuration Data is used to generate the proposed Operating Profile
- The Operating Profile consists of a list of functions the Applicant performs
- The Operating Profile also consists of a list of all DCTs that are applicable to this Applicant

User Role	Certificate Holder/Applicant DCTs
Certificate Holders and Applicants	1. From the SAS Menu, select <i>Certificate Request.</i>

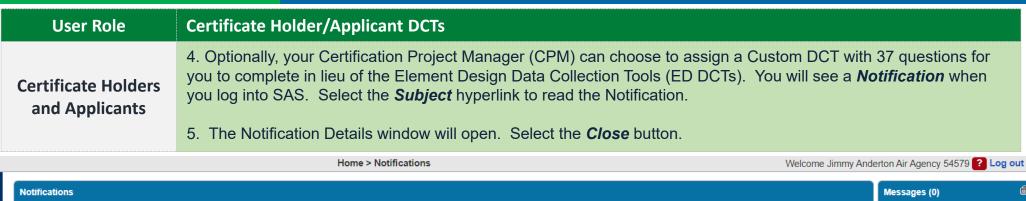

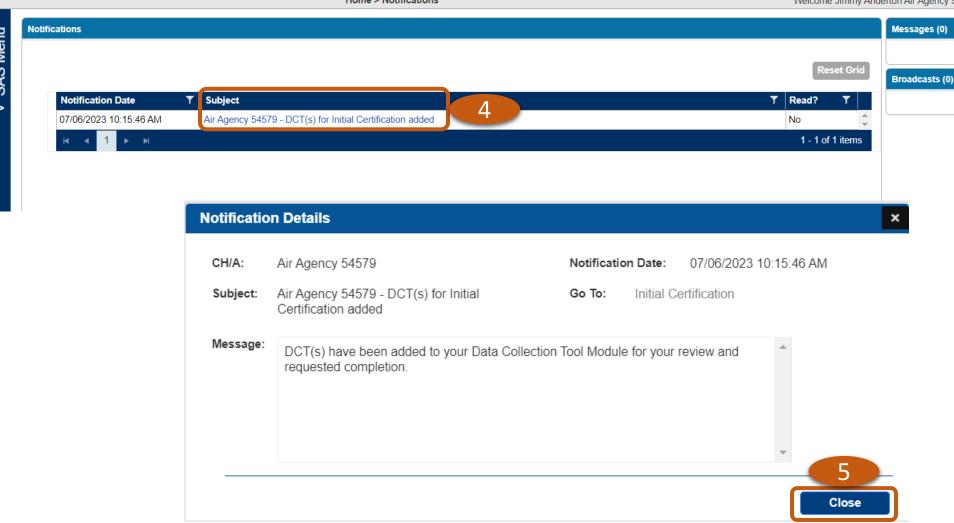

User Role	Certificate Holder/Applicant DCTs
Certificate Holders and Applicants	<ol> <li>Select the <i>Generate DCTs</i> button.</li> <li>You will see a green <i>Information</i> pop-up window: "<i>Generate DCTs Completed Successfully.</i>"</li> <li>Note: You will need to Generate DCTs again if you modify your Configuration Data, or if a DCT is returned to you. The button will not be available again until then.</li> </ol>

	6. To navigate to your ED DCTs and/or Custom DCT, expand the SAS Menu, select Data Collection Tools. The Custom DCT is titled <i>Repair Station Initial Certification</i> and will not have a Label.
Certificate Holders	7. Select the <i>Title Repair Station Initial Certification</i> to work on the Custom DCT. Start on Page 14 to complete ED DCTs.
and Applicants	Note: Your CPM may require the Custom DCT and/or the ED DCTs to be completed. FAA Order 8900.1 Volume 2 Chapter 11, Section 1 states – Phase 3: Design Assessment (DA) ends when all DAs, a National/Divisional Custom DCT, or a combination of both have been successfully completed, are satisfactory to the CPM, and have met all of the requirements.

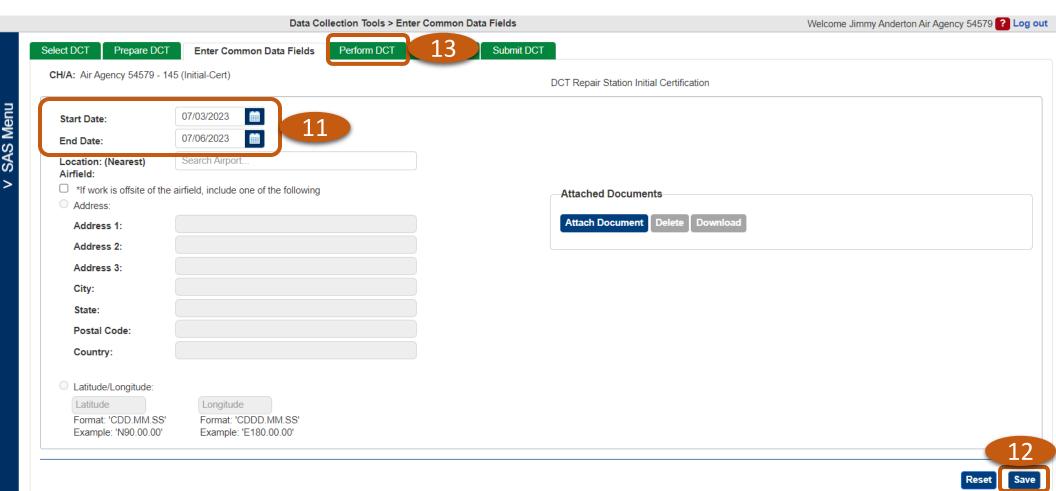

User Role	Certificate Holder/Applicant DCTs
Certificate Holders and Applicants	<ul> <li>11. On the Enter Common Data Fields tab, enter a Start Date and an End Date. Complete any other applicable fields.</li> <li>12. Select the Save button.</li> </ul>
	13. Select the <b>Perform DCT</b> tab.

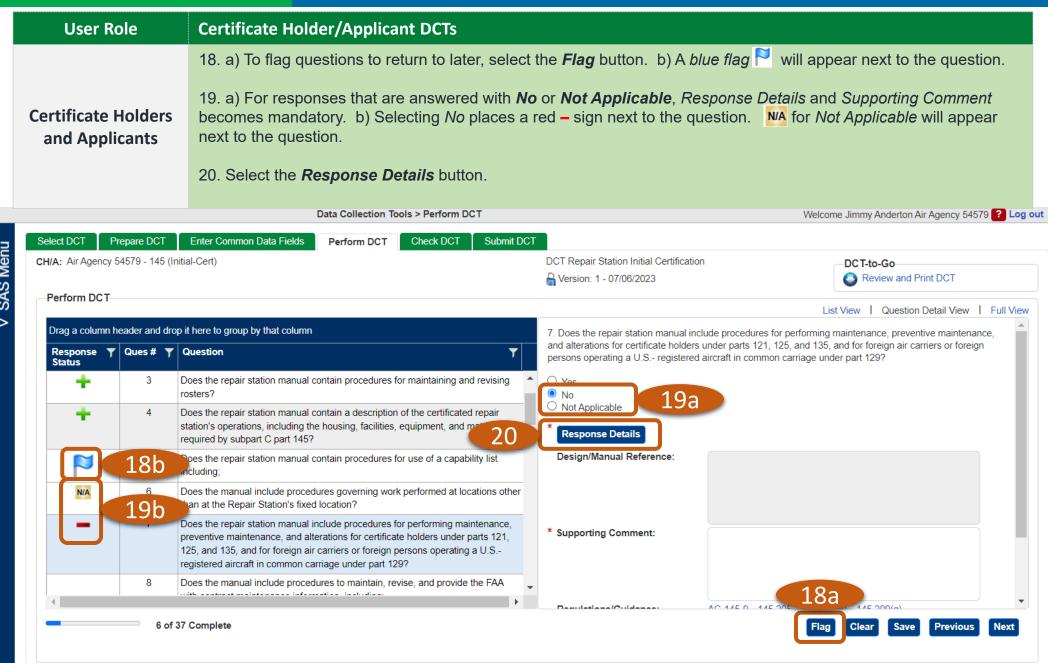

User Role	Certificate Holder/Applicant DCTs
Certificate Holders and Applicants	<ul> <li>14. On the Perform DCT tab, select the <i>Question</i> in the left panel.</li> <li>15. Answer the question in the <i>Question Detail View</i> on the right panel. The first response is always favorable, all other responses are unfavorable.</li> <li>16. Selecting <i>Yes</i> requires a <i>Design/Manual Reference</i> as indicated by the red asterisk *. This places a green + in the Response Status column. Selecting No or Not Applicable is addressed on the next page.</li> <li>17. Select <i>Next</i> to move to the next question. When selecting Next, all of your previous responses are saved. You may also select a question in any order by selecting the questions in the left panel. This also saves the previous response.</li> </ul>
	Note: Do not use the Supporting Comment field for your Design/Manual Reference.

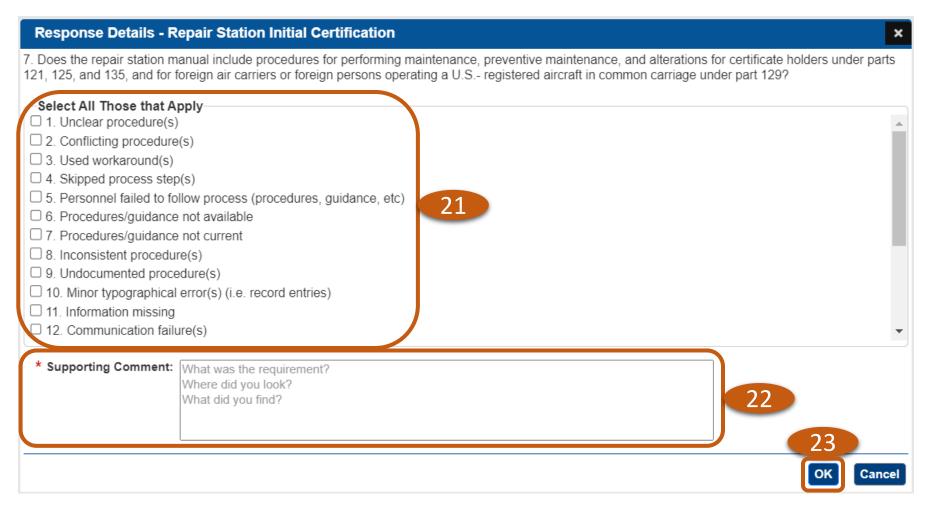

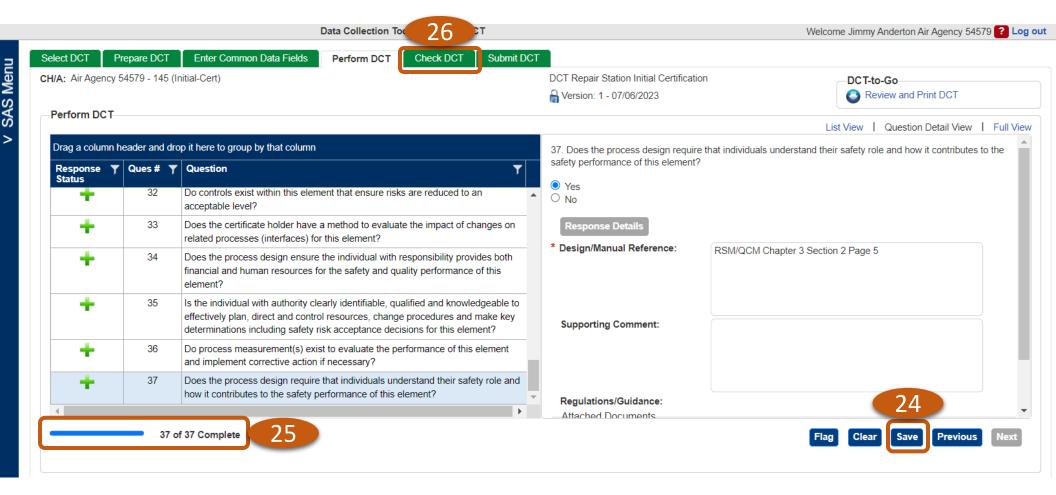

User Role	Certificate Holder/Applicant DCTs
Certificate Holders	21. This opens a <b>Response Details</b> pop-up box. In the <b>Response Details</b> pop-up box, select all the responses that apply.
and Applicants	22. Enter a <b>Supporting Comment</b> .
	23. Select the <b>OK</b> button.

User Role	Certificate Holder/Applicant DCTs
	24. After answering the last question, select the <i>Save</i> button.
Certificate Holders and Applicants	25. When all questions have been answered, you will see 37 of 37 Complete.
	26. Select the <i>Check DCT</i> tab.
