Dear Lieutenant General Wise:

Based on United States Marine Corps (USMC) approval, the following pilots are acceptable to the Federal Aviation Administration (FAA) to perform USMC single-ship demonstrations (Demo) in the F-35B aircraft.

NAME
Major Nicholas W. Gibson – Demo
Major Sean M. Callison – Demo

The USMC is authorized to conduct single ship demonstrations as described in the 2021 F-35B Maneuvers Package. We will make the 2021 USMC Single-Ship Demonstration maneuvers package, and the list of accepted pilots available to the FAA Aviation Events Specialist (AES) and FSDOs. This package will also be used when conducting site feasibility determinations and airspace requirements for future demonstrations and completion of DD Form 2535.

All accidents and incidents must be reported to the Aviation Event Specialist (AES) and provide a briefing paper within 24 hours.

This office is available at your convenience to answer any questions you may have concerning FAA aviation event policies.
