DBE and ACDBE Goal Setting

Presented by: Nancy Cibic

6th Annual FAA National Civil Rights Training Conference for Airports

August 2015
26.45 Goal Setting and Implementation

Purpose of Overall DBE Goal

Approaches to Calculate Goal

8 Minimum Requirements

Purpose of Overall ACDBE Goal

Accountability Requirements
Purpose of Overall Goal

Establish **Anticipated Amount** of DBE Participation on DOT-Assisted Projects

- FAA Recipients: annual goal reviewed every 3 years
- FTA Recipients: annual goal reviewed every 3 years
- FTA TVMs: annual goal reviewed each year
- FHWA Recipients: annual goal reviewed every 3 years
Purpose of Overall

The percentage represents the percentage of DBE participation that would be expected absent the effects of current and past discrimination.
Overall Goal and Project Goal

Same Substantive and Procedure Requirements
Project Goals

• 26.45 (e)(3) In appropriate cases, the FHWA, FTA or FAA Administrator may permit or require you to express your overall goal as a percentage of funds for a particular grant or project or group of grants and/or projects, including entire projects.
Project Goals

• 26.45 (e) (3)

• A project goal is an overall goal, and must meet all the substantive and procedural requirements of this section pertaining to overall goals.

• A project goal covers the entire length of the project to which it applies.
• The project goal should include a projection of the DBE participation anticipated to be obtained during each fiscal year covered by the project goal.
• Must Follow USDOT’s “Tips for Goal-Setting in the DBE Program”

Tips for Goal-Setting in DBE Program

• Operating Administrations (OAs) reviewing goals Using Same Guidance
26.45 (f) (4) Overall Goal

- OA reviews Recipient’s proposed overall goal and may adjust the goal or require the Recipient to adjust the goal if it believes the goal has not been correctly calculated or the methodology is inadequate.

- Recipient may operate under proposed goal prior to OA approval.
26.45 Goal Setting and Implementation

<tr>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>5</strong></td>
<td></td>
</tr>
<tr>
<td><em>(5) Alternative methods. Except as otherwise provided in this paragraph, you may use other methods to determine a base figure for your overall goal. Any methodology you choose must be based on demonstrable evidence of local market conditions and be designed to ultimately attain a goal that is rationally related to the relative availability of DBEs in your market. The exclusive use of a list of prequalified contractors or plan holders, or a bidders list that does not comply with the requirements of subparagraph (2), is not an acceptable alternative means of determining the availability of DBEs.</em></td>
<td></td>
</tr>
</tbody>
</table>
26.45 (c) (5) Identify Method Selected

The exclusive use of a list of prequalified contractors or plan holders is not an acceptable alternative means of determining the availability of DBEs.
26.45 Goal Setting and Implementation

Purpose of Overall DBE Goal

Approaches to Calculate Goal

8 Minimum Requirements

Purpose of Overall ACDBE Goal

Accountability Requirements
Minimum Requirements Included in each Method
Goal Methodology
8 Minimum Requirements

1. List of FAA-assisted Contracting Opportunities
2. Geographic Market Area
3. Step 1 Base Figure
4. Sources
5. Step 2 Adjustment
6. Race-Neutral/Race-Conscious Breakdown
7. Meaningful Consultation
8. Proof of Publication
1. FAA-Assisted Contracting Opportunities

ALL FAA-Assisted Activities that include Possible Contracting Opportunities

Assign Appropriate NAICS Code for Contracting Opportunities
2. Geographic Market Area

- Determine Relevant Geographic Market Area (GMA): Geographic distribution of contractors and subcontractors and area in which contracting dollars are spent.

- Note: relevant Market Area may not be the same State geographic boundaries.
# 2. Geographic Market Area

<table>
<thead>
<tr>
<th></th>
<th>State Dollars</th>
<th>Total Dollars</th>
<th>Representative State Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Geographic Distribution of Participating Prime Contractors</td>
<td>$727,048,359</td>
<td>$779,140,546</td>
<td>93.31%</td>
</tr>
<tr>
<td>Geographic Distribution of Participating Subcontractors</td>
<td>$113,513,436</td>
<td>$151,557,115</td>
<td>74.91%</td>
</tr>
<tr>
<td>Total State Market %</td>
<td>$840,561,795</td>
<td>$930,697,661</td>
<td>90.32%</td>
</tr>
</tbody>
</table>
3. Step 1: Base Figure

- DBEs
- Potential DBEs
- All other

Geographic Market Area

NAICS Codes or Other Work Category

Willing to Comply
3. Step 1: Base Figure
Census & DBE Directory

Determine number of ready, willing, and able DBEs from DBE Directory

\[ \text{Use Census Bureau County Business Pattern (CBP) database to determine number of all ready, willing, and able businesses available in your market performing work in same NAICS codes} \] = Base Figure

US Census Bureau Website
3. Step 1: Base Figure Bidders List Method

- 49 CFR 26.45(c)(2): Acceptable only if you have a method of collecting data on:
  - ALL businesses, successful OR unsuccessful, that have bid or quoted on prime or subcontracts during the previous three or one year period
  - ALL DBE and non-DBE subcontractors that submitted bids or quotes during time period.
3. Step 1: Base Figure
Bidders List Method

10 DBEs bid or quoted on prime or subcontracts

\[ \frac{10}{100} = 10.00\% \text{ Base Figure} \]

100 Total Firms bid or quoted on prime or subcontracts
3. Step 1: Base Figure
Disparity Study

A disparity study typically yields best data available

If you have conducted a disparity study in market area and choose another method, explain why
3. Step 1: Base Figure
Potential DBEs and ACDBEs

• Supplement certified firms list
  – Minority and women-owned business lists
  – Census data on minority and women-owned businesses in market area

• Adequate Outreach Needed to Encourage Firms to become Certified
3. Step 1: Base Figure Disparity Study

Weighting by Work Type

• Provides a more narrowly-tailored model of availability

• Weights used are proportion of dollars spent within each industry: resulting percentage is more heavily influenced by availability in industries where more dollars are spent

• May use NAICS, internal work codes, etc.
3. Step 1: Base Figure Weighting

- Decide which work types best represent your DOT-assisted contracts (NAICS Codes)
- Tally the dollars spent in each work type category as a percentage of the total contract dollars spent
- Assign work types to each DBE and non-DBE firm
Weighting Example: DOT contracts primarily in Trucking, Engineering/Design, and Construction:

<table>
<thead>
<tr>
<th>Industry</th>
<th>% of Dollars (weight)</th>
<th>DBEs</th>
<th>Non-DBEs</th>
<th>Weighted %</th>
</tr>
</thead>
<tbody>
<tr>
<td>Trucking</td>
<td>5.00%</td>
<td>1</td>
<td>18</td>
<td>0.28%</td>
</tr>
<tr>
<td>Engineering/Design</td>
<td>5.00%</td>
<td>1</td>
<td>17</td>
<td>0.29%</td>
</tr>
<tr>
<td>Construction</td>
<td>90.00%</td>
<td>8</td>
<td>65</td>
<td>11.08%</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>100.00%</strong></td>
<td><strong>10</strong></td>
<td><strong>100</strong></td>
<td><strong>11.65%</strong></td>
</tr>
</tbody>
</table>
4. Identify Sources

DBE Directory

US Census Data

FAA DBE Connect

Supplemental Sources
5. Step 2 Adjustment

Recipient must examine all available evidence and determine what adjustments, if any, are necessary

It is not necessary to make a Step Two adjustment but must include explanation
5. Step 2 Adjustment
Median Past DBE Participation (MPP)

Use DBE participation data from past 3 to 5 years to demonstrate capacity (percentages)

If MPP figure is very similar to Step One base figure, should not make any adjustment for past participation
1. Tally total DBE achievement percentage for 5 years.

<table>
<thead>
<tr>
<th></th>
<th>Total DBE Achieved (RC+RN)</th>
<th>Total Contract Amt</th>
<th>Total DBE %</th>
</tr>
</thead>
<tbody>
<tr>
<td>2010</td>
<td>$750.00</td>
<td>$5,000.00</td>
<td>15.00%</td>
</tr>
<tr>
<td>2011</td>
<td>$480.00</td>
<td>$4,000.00</td>
<td>12.00%</td>
</tr>
<tr>
<td>2012</td>
<td>$200.00</td>
<td>$1,000.00</td>
<td>20.00%</td>
</tr>
<tr>
<td>2013</td>
<td>$240.00</td>
<td>$6,000.00</td>
<td>4.00%</td>
</tr>
<tr>
<td>2014</td>
<td>$360.00</td>
<td>$6,000.00</td>
<td>6.00%</td>
</tr>
</tbody>
</table>
2. Choose median (not average) percentage:

<table>
<thead>
<tr>
<th>Year</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>2013</td>
<td>4.00%</td>
</tr>
<tr>
<td>2014</td>
<td>6.00%</td>
</tr>
<tr>
<td>2011</td>
<td>12.00%</td>
</tr>
<tr>
<td>2010</td>
<td>15.00%</td>
</tr>
<tr>
<td>2012</td>
<td>20.00%</td>
</tr>
</tbody>
</table>

3. Average MPP % with Base Figure %:

\[ \frac{BF \ (11.65\%) + MPP \ (12.00\%)}{2} = 11.83\% \]
5. Step 2: Adjustment
Other Evidence

Information from disparity studies

Lack of access to financing/bonding

Statistical employment data

Other data affecting likely DBE participation—drastic changes in the economy

Projection of Race-Neutral and Race-Conscious Participation

Maximum Feasible Portion of Overall Goal using Race Neutral Measures

☐ Specify which race neutral measures will be implemented

Must Establish Contract Goals to Meet Remaining Portion of Goal
Race Conscious Race Neutral

- **Race-conscious (RC)** is a conscious action to achieve DBE participation
  - DBE contract goal = RC
- **Race neutral (RN)** is a measure that can be used to assist all small businesses
  - DBE prime contractor participation
  - DBE participation obtained without a DBE contract goal
  - Overachievement of DBE goals
RN Measures

- **Examples**
  - Arranging solicitations, times for the presentation of bids, quantities, specifications, and delivery schedules in ways that facilitates DBE, and other small businesses, participation.
  - Providing assistance in overcoming limitations such as inability to obtain bonding or financing.
  - Providing technical assistance and other services.
  - Carrying out information and communications programs on contracting procedures and specific contract opportunities.
  - Implementing a supportive services program for DBE’s and other small businesses.
RN Measures

• Providing services to help DBE’s and other small businesses
• Establishing a program to assist new, start-up firms, particularly in fields in which DBE participation has historically been low
• Ensuring distribution of DBE directory, through print and electronic means, to the widest feasible universe of potential prime contractors
• Assist DBE’s and other small businesses, to develop their capability to utilize emerging technology and conduct business through electronic media
Race-Neutral Projection Example

- Tally total RN DBE achievement percentage for 5 years.

<table>
<thead>
<tr>
<th></th>
<th>Race-Neutral DBE Amt</th>
<th>Total Contract Amt</th>
<th>RN DBE %</th>
</tr>
</thead>
<tbody>
<tr>
<td>2010</td>
<td>$100.00</td>
<td>$5,000.00</td>
<td>2.00%</td>
</tr>
<tr>
<td>2011</td>
<td>$200.00</td>
<td>$4,000.00</td>
<td>5.00%</td>
</tr>
<tr>
<td>2012</td>
<td>$30.00</td>
<td>$1,000.00</td>
<td>3.00%</td>
</tr>
<tr>
<td>2013</td>
<td>$420.00</td>
<td>$6,000.00</td>
<td>7.00%</td>
</tr>
<tr>
<td>2014</td>
<td>$300.00</td>
<td>$6,000.00</td>
<td>5.00%</td>
</tr>
</tbody>
</table>
Race-Neutral Projection Example

2. Choose median RN percentage:

<table>
<thead>
<tr>
<th>Year</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>2010</td>
<td>2.00%</td>
</tr>
<tr>
<td>2012</td>
<td>3.00%</td>
</tr>
<tr>
<td>2011</td>
<td>5.00%</td>
</tr>
<tr>
<td>2014</td>
<td>5.00%</td>
</tr>
<tr>
<td>2013</td>
<td>7.00%</td>
</tr>
</tbody>
</table>

3. Apply to Adjusted Base Figure for final Goal:

Adj. BF: 11.65% = 6.65% Race-Conscious
5.00% Race-Neutral
6. Race-Neutral Measures

May Benefit DBEs and other Small Businesses

Determine the Small Business Needs within your Geographic Area

Incorporate Race-Neutral Measures that meet the Needs of your Small Business Community
6. Race-Conscious Measures

9th Circuit Recipients
Alaska, Arizona, California, Hawaii, Idaho, Montana, Nevada, Oregon and Washington State

Must Examine All Available Evidence of Discrimination

- Conduct a disparity/availability study
- Evaluate the study of a similarly situated recipient
- Narrowly tailored use of contract goals -- waiver
6. Race-Conscious Measures

9th Circuit Recipients

Alaska, Arizona, California, Hawaii, Idaho, Montana, Nevada, Oregon and Washington State

• Include Evidence with Goal Methodology

• Western States Paving Co. v. Washington Dept. of Transportation, 407 F. 3d 983 (9th Cir. 2005)
7. Meaningful Consultation

Small Business Community and Stakeholder Engagement

- minority organizations, women's groups, and general contractor groups
- scheduled, direct, and interactive exchanges
  - DBE and non-DBE availability
  - Effects of discrimination
  - Efforts to establish level playing field
7. Meaningful Consultation

**Must** submit evidence of public participation

- Comments/feedback received
- Persons/organizations contacted
- Meetings held
7. Meaningful Consultation

Stakeholder meetings **must occur before** you are required to submit your methodology to the OA

Recipient **may not implement** the proposed goal until it has **complied with this requirement**
8. Proof of Publication

**Must** Post on Official Internet Webpage

**May** Post on other Media Outlets

- Must allow 30 day public comment period
Goal Setting and Implementation

Purpose of Overall DBE Goal

Approaches to Calculate Goal

8 Minimum Requirements

Purpose of Overall ACDBE Goal

Accountability Requirements
Purpose of Overall ACDBE Goal

- Ensure nondiscrimination
- Create level playing field
- Ensure that the ACDBE program is narrowly tailored
- Ensure that only eligible firms participate as ACDBEs
- Remove barriers to the participation of ACDBEs
- Provide appropriate flexibility to airports in establishing and providing opportunities for ACDBEs
Approaches to Calculate the ACDBE Goal
Two ACDBE Goals

- Separate goals
- Goal for car rental
- Goal for other than car rental concessions
  - If annual concession revenue exceeds $200,000 for each category separately
ACDBE – Step 1

Base Figure

Five examples of approaches to use:
(1) DBE Directories and Census Bureau Data
(2) Active Participants List
(3) Disparity Study
(4) Goal of another recipient
(5) Alternative methods
Determine Base of ACDBE Goal

Car Rentals

• The base for your goal is the **total gross receipts** of car rental operations at your airport.

• You do not include gross receipts of other concessions in this base.
ACDBE – Car Rental Goal

Except in the case where you use the alternative goal approach of § 23.51(c)(5)(ii),

- *If all or most of the goal is likely to be met through purchases by car rental companies of vehicles or other goods or services from ACDBEs, so you structure the goal entirely in terms of purchases of goods and services.*

- *Calculate your car rental overall goal: \$ amount of such purchases divided by estimated \$ value of all purchases to be made by car rental companies.*
Car Rental Goals

• Do not mix/divide goods and services purchases by gross receipts (apples and oranges.)

• Divide gross receipts by gross receipts or goods and services by goods and services.
Car Rental ACDBE Goals

- Recipient’s have enforcement provisions in their contracts with the car rental firms.
- Recipient’s should point to the current regulations to show the car rental companies what is required.
- Car rental goals may be based on outreach
  - purchase of goods and services from ACDBE or potential/ACDBE firms.
ACDBE Car Rental Goal

• The Recipient’s compliance with all requirements of this part is enforced through the procedures of Title 49 of the United States Code, including 49 U.S.C. 47106(d), 47111(d), and 47122, and regulations implementing them.
ACDBE – Base for Other Than Car Rental Goal

• The base for your goal is the total gross receipts of concessions at your airport.

• Does not include:
  – gross receipts of car rental operations
  – dollar amount of management contract or subcontract with a non-ACDBE and gross receipts of business activities to which a management or subcontract with a non-ACDBE pertains
  – Any portion of a firm's estimated gross receipts that will not be generated from a concession
ACDBE Non-Car Rental Goal

• See slides 16-34 (DBE goals)
ACDBE - Step 2 Adjustment: Things to Consider

- Current capacity of ACDBEs to perform work in your concessions program, as measured by the volume of work ACDBEs have performed in recent years; and

- Evidence from disparity studies conducted anywhere within your jurisdiction, to the extent it is not already accounted for in your base figure.
ACDBE Step 2 Adjustment to Base Figure

• If using goal of another recipient:
  – Adjust for differences in your market area and your concessions program
ACDBE Step 2 Adjustment to Base Figure

• Consider evidence from related fields that affect opportunities for ACDBEs to form, grow and compete, including:
  
  – (i) Statistical disparities in ability of ACDBEs to get financing, bonding and insurance required to participate in your program;

  – (ii) Data on employment, self-employment, education, training and union apprenticeship programs
ACDBE - Step 2 Adjustment to Base Figure, *cont’d.*

- Continuing effects of past discrimination?
  - Must be based on demonstrable evidence that is logically and directly related to the effect for which the adjustment is sought.
ACDBE – Info to Include with Overall Goal Submittal

• Description of methodology used to establish goal, including base figure and evidence with which it was calculated, as well as:
  – adjustments made to base figure and evidence relied on for adjustments
  – summary listing of relevant available evidence in jurisdiction, and explanation of how you used that evidence to adjust base figure
  – projection of portions of overall goal you expect to meet through R/N and R/C, respectively
ACDBE – Submittal Process

• No requirement to obtain prior FAA concurrence with overall goal (i.e., with the number itself), **BUT**:  
  – If FAA's review suggests that overall goal has not been correctly calculated, or that method for calculating goals is inadequate, the FAA may, after consulting with you, adjust your overall goal or require that you do so. The adjusted overall goal is binding on you.
• Need additional time?
  
  – Request approval of the FAA Administrator for an interim goal and/or goal-setting mechanism. Such a mechanism must:
    
    (1) Reflect the relative availability of ACDBEs in your local market area to the maximum extent feasible given the data available to you; and
    
    (2) Avoid imposing undue burdens on non-ACDBEs.
ACDBE Advertising Contracts

• How to count ACDBE participation in a transaction involving advertising goods or services
  • Determine in what capacity the ACDBE is performing (e.g., prime concessionaire, joint venture partner, sub-concessionaire, lessee, supplier or contractor) and the manner in which the ACDBE is compensated (e.g., gross receipts earned versus fees or commission for services provided).
ACDBE Advertising Contracts

• If the ACDBE is a prime concessionaire, the ACDBE’s participation is counted based on the gross receipts earned by the ACDBE 49 C.F.R. § 23.55(b).

• If the ACDBE is a sub-contractor or sub-concessionaire to a non-ACDBE and the ACDBE’s compensation under the agreement is based on gross receipts earned by the ACDBE, count only the portion of the gross receipts earned by the ACDBE under its sub-agreement. 49 C.F.R. § 23.55(c).
ACDBE Advertising Contracts

• If the ACDBE’s compensation is solely based on fees and commissions, the ACDBE’s participation for a bona fide service is counted based on the fees and commissions paid as provided. 49 C.F.R. § 23.55(e).
ACDBE Advertising Contracts
Joint Ventures

• Recipients must first determine that the ACDBE joint venture is functioning in a manner consistent with the ACDBE Joint Venture Guidance http://www.faa.gov/about/office_org/headquarters_offices/acr/bus_ent_program/.

• See 49 C.F.R. § 23.3
ACDBE Advertising Contracts
Joint Ventures

• If the ACDBE firm is participating as a direct owner of the advertising concession through a joint venture arrangement, partnership, sublease, licensee, franchise, or other arrangement in which the ACDBE owns or controls all or some part of the concession and consequently shares in the profits and risks of the concession, the recipient counts the total value of gross receipts the ACDBE earns pursuant to the concession agreement. 49 C.F.R. § 23.55(b) – (d).
ACDBE Advertising Contracts

• If the ACDBE firm is a service contractor to the concessionaire and is compensated based on fees or a commission, the recipient counts the fees or commissions charged by the ACDBE that are reasonable and not excessive as compared with fees customarily allowed for similar services.
ACDBE Advertising Contracts

• If the ACDBE provides a bona fide service other than selling advertising, count the entire amount of fees charged by the ACDBE. 49 C.F.R. § 23.55(e).
ACDBE Advertising Contracts

• If the ACDBE is a supplier of goods count the cost of goods supplied by the ACDBE firm. 49 C.F.R. 23.55(g) – ((h)).

• This should not be confused with costs or goods incurred in connection with renovation, repairs, or a construction concession commonly referred to as “build-out” costs.

• 49 C.F.R. 23.55 (k). Do not count costs incurred in connection with the renovation, repair, or construction of a concession facility (..“build-out”).
Goal Setting and Implementation

Purpose of Overall DBE Goal

Approaches to Calculate Goal

8 Minimum Requirements

Purpose of Overall ACDBE Goal

Accountability Requirements
26.47 (c) Accountability Report (Shortfall Requirements)

- 26.47 (c) (1) Analyze in detail the reasons for the difference between the overall goal and your awards and commitments in that fiscal year

- (2) Establish specific steps and milestones to correct the problems you have identified in your analysis and to enable you to meet fully your goal for the new fiscal year
26.47 (c) Accountability Report (Shortfall Requirements)

• FAA OEP/CORE Airport Recipient that does not meet its overall DBE goal in any given year must submit written analysis to OA of why the goal was not met and corrective measures to be taken.

• U.S. OEP/CORE Airports
26.47 (c) Accountability Report (Shortfall Requirements)

• Each Shortfall Analysis should, at a minimum, include:
  • difference between overall goal and DBE and/or ACDBE participation achieved;
  • difference between race-neutral projection and race-neutral participation achieved;
  • difference between race-conscious projection and the race-conscious participation achieved.
26.47 (c) Accountability Report (Shortfall Requirements)

- Specific and credible reasons for the shortfall; and
- Corrective measures tied to each specific reason for the shortfall.
Accountability Report (Shortfall Requirements)

Timeframe: December 29 of respective year (90 days after the end of the fiscal year)

OA Approves: In Compliance

OA May Require: Modifications to overall goal methodology

- Changes to RC/RN projections
- Additional RC or RN measures
DBE Shortfall Submission Dates: What If…

Your FY 2014-2016 is 10% Goal

**FY 2014:** Achieved 15% DBE Participation = No Shortfall Submission Required

**FY 2015:** Achieved 8.7% DBE Participation = Shortfall Submission Required and due on December 29, 2015

**FY 2016:** Achieved 5.9% DBE Participation = Shortfall Submission Required and due on December 29, 2016
Drafting a Shortfall Analysis:

Drafting a Shortfall Analysis:

- Shortfall Percentage
- Race-Conscious/Race-Neutral Breakdown
- Race-Neutral Measures
- Projects undertaken during the FY
Drafting a Shortfall Analysis:

- Shortfall Percentage
- Race-Conscious/Race-Neutral Breakdown
- Race-Neutral Measures
- Projects undertaken during the FY
- DBE participation on these projects
Drafting a Shortfall Analysis:

- Shortfall Percentage
- Race-Conscious/Race-Neutral Breakdown
- Race-Neutral Measures
- Projects undertaken during the FY
- DBE participation on these projects
- Reasons for the Shortfall
Drafting a Corrective Action Plan: Elements

- **Specific Steps** to Achieve Goal in **Upcoming Fiscal Year**

- Milestones for Implementing these Steps
Goal Shortfall Reasons (Examples)

• A significant percentage of contract dollars are awarded based on good faith efforts (GFE)
• DBEs do not have enough or the correct insurance and/or bonding capacity
• Prime contractors do not give enough time for DBEs to submit quotes prior to when bids are due
• DBEs do not use information that is available to improve their ability to be competitive, i.e. pre-bid meetings, past contract reviews, free access to plans/drawings, debriefings, etc.
Goal Shortfall Corrective Actions and Milestones (Examples)

• Continue outreach efforts by partnering with other agencies and organizations to expand the number and variety of potential DBEs to become certified (ongoing)

• Targeted outreach event to construction contractor and trucking organizations to pursue DBE certification (due by 4/30/16)

• Instruct DBEs of the criteria/expectations for airport projects and facilitate opportunities for business training and development (due by 6/15/16)

• Encourage Primes to allow DBEs sufficient time and resources to provide a quote before the bid due date; (on-going)
Goal Shortfall Corrective Actions and Milestones (Examples)

- Continue collaboration with UCP partners and other internal/external resources to identify ways to address DBEs’ inability to meet bonding and insurance requirements on solicitations (ongoing)

- Educate and encourage DBEs to utilize resources to increase competitiveness in the market place by attending pre-bid meetings, request unsuccessful debrief meetings, review: drawings; plans; and specifications of a project to better respond to Primes requests for quote, etc. (ongoing)
Recipient is in non-compliance if **ANY** of the following occur:

- Does not submit analysis and corrective actions to OA timely
- OA disapproves of analysis or corrective actions
- Does not fully implement corrective actions or OA’s imposed conditions for acceptance
