

# EVERYTHING POOPS!

SERVICE ANIMALS AND RELIEF AREAS

# IT'S NEVER TOO SOON

It starts when they're small.

Relieving on schedule

Relieving on leash on different surface types.

# KEEP IT SIMPLE

The goal is to relieve on command, not demand.

# TAKE IT OUTSIDE

“program-trained” dogs are taught to relieve outdoors.

Relieving indoors is generally not taught.

# “YOU WANT ME TO DO WHAT?”

Many program dogs will not relieve in small rooms or inside without sensory encouragement.

# WHEN IT WORKS

- ▶ It's clean!
- ▶ It smells interesting!
- ▶ It's big enough!
- ▶ My human can be there too!

# THANKS!

- ▶ Thanks to all of the airports who try to do it right!
