**Agenda Item 5: Provide Status on CPWG/18 Actions**

**R FORM UPDATE**

**(Action Item CP04-35)**

(Presented by State ATM Corporation of Russia)

**SUMMARY**

This paper presents information on the recent changes to the Russian AIP regarding filing of alternative entry/exit points in R-forms. .

**1 Introduction**

1.1. At several previous CPWG meetings, United Airlines proposed that the Russian Federation consider a change that would list the requested “unpaired” entry and exit fixes for a particular flight to reduce the complexity of the R Form process.

**2 Discussion**

2.1 After running all necessary system checks and validations, Federal Air Transport Agency of Russia issued NOTAM A1360/15 with the effective date of May 28, 2015 allowing to list “unpaired” all possible alternative entry/exit points into/from the Russian airspace in R-forms. A copy of NOTAM A1360/15 is in the Attachment A.

**3 Recommendation**

- 3.1. The Meeting is invited to note the information provided in this paper.
- 3.2. The above simplification of R-form will provide greater flexibility in selection of routes in the Russian airspace.
- 3.3. The airlines concerned are kindly requested to take the above NOTAM into consideration when preparing new R-forms after May 28, 2015.
