

Twentieth Meeting of the Cross Polar Trans East Air Traffic Management Providers' Work Group (CPWG/20)

(Anchorage, Alaska 26-29 October 2015)

Agenda Item 5: Provide Status on CPWG/19 Actions

Improve Efficiency

(Action Item CP10-14)

(Presented by IATA)

SUMMARY

This paper presents information on the using the airports included in Book II of the Russian AIP for emergency landings.

1 Introduction

1.1. In 2014 Russian Federation re-structured national AIP by publishing Book 2 AERODROMES OF THE RUSSIAN FEDERATION CLASSES 4D, 4E (ICAO) (EXCEPT INTERNATIONAL)

1.2. As a result aerodromes Mirny UERR, Salekhard USDD, Norilsk UOOO and Poliarny UERP published in the previous AIP version as enroute alternates for Trans-Siberian and Cross Polar flights were input into Book 2. That raised a concern from airlines operating the Trans-Siberian and Cross Polar route network.

1.3. IATA, on behalf of the interested airlines, conducted consultation with the Federal Air Transport Agency and was assured of remaining availability of above mentioned aerodromes for emergency landing. However more robust confirmation of the procedure was requested by airlines from State ATM Corporation and IATA at the CPWG/18.

2 Discussion

2.1. Reacting on the IATA official request supported by State ATM Corporation, Federal Air Transport Agency published the AIC 03/15 on 18 June 2015.

2.2. The AIC 03/15 (Attachment A) states: "In case of emergency requiring execution of emergency landing during transit flights through the Russian Federation airspace, the following aerodromes: Mirny, Salekhard, Norilsk, Poliarny can be used for landing."

3 Recommendation

3.1. The Meeting is invited to note the information provided in this paper.

ОБЕСПЕЧЕНИЕ ТРАНЗИТНЫХ ПОЛЕТОВ ЧЕРЕЗ ВОЗДУШНОЕ ПРОСТРАНСТВО РОССИЙСКОЙ ФЕДЕРАЦИИ

В случае возникновения аварийной ситуации (необходимости совершения вынужденной посадки) при выполнении транзитных полетов через воздушное пространство Российской Федерации экипажи ВС могут использовать аэродромы Мирный, Салехард, Норильск, Полярный.

Аэронавигационная информация по указанным аэродромам опубликована в АИП России книга 2 «Аэродромы Российской Федерации класса А, Б, В (кроме международных)», размещенном на официальном сайте ФГУП «ЦАИ» www.caica.ru.

Для предварительного получения метеорологической информации по аэродромам Мирный, Салехард, Норильск, Полярный обращаться в ответственную службу в соответствии со сведениями, опубликованными в GEN 3.5 п. 1 АИП России книга 2.
