FAA Control # 96-02-172

SUBJECT: Lack of Seamless Transition From STARs to SIAPs

BACKGROUND/DISCUSSION: Recommendation Document Unavailable

RECOMMENDATION:

COMMENT:

Submitted by:

INITIAL DISCUSSION (MEETING 96-02): Bill Mosley, ATO-120 briefed on several initiatives at Seattle and Las Vegas. All agreed that the seamless arrival concept of STARs to corner posts or IAFs is the best methodology and the intent of the STAR Order. The issue is also being addressed in ACF agenda item # 92-02-102. **Status: Item Closed**
