

U.S. Department
of Transportation
**Federal Aviation
Administration**

Mr. Thomas Catenacci
Fox News
400 North Capitol Street, NW
Washington, DC 20001

Dear Mr. Catenacci:

This letter is an interim response to your Freedom of Information Act (FOIA) request, 2023-02338, dated December 13, 2022. Your request sought flight information regarding government use of aircraft N1, N2, and N3 from January 20, 2021 to present.

A record search was performed and enclosed is the requested data. However, we have redacted portions of this data under FOIA Exemption 6 and FOIA Exemption 7(C). Also, as noted in the enclosed record, information regarding flights conducted for the Transportation Security Administration (TSA) are pending consultation with that agency. We are required, in accordance with 49 CFR § 7.28(a), to consult with any Federal agency who would have a concern with the release of the subject records. Our final response to your request will be issued after TSA responds to our consult.

FOIA Exemption 6 protects information that pertains to an individual “the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.” 5 U.S.C. § 552(b)(6). When applying Exemption 6, the FAA weighs the privacy interest of an individual against any public interest in the records. The information in question consists of the names of Secretary Buttigieg’s Federal security personnel, for which there is typically no public interest. We have considered the extent to which disclosure of this information would serve the public interest, but have determined that absent a justification to the contrary, any such interest is minimal when weighed against the personal privacy interests at issue. Additionally, disclosure of the information at issue would shed no light on the FAA’s performance of its statutory duties.

FOIA Exemption 7(C) is nearly identical to FOIA Exemption 6 except its scope is limited to records compiled for law enforcement purposes where the disclosure “could reasonably be expected to constitute an unwarranted invasion of personal privacy.” 5 U.S.C. § 552(b)(7)(C). As a routine matter, we cite FOIA Exemption 7(C) to withhold the names and other identifying information of law enforcement employees such as investigators and security detail personnel. See Rojas-Vega v. USCIS, 132 F. Supp. 3d 11, 20 (D.D.C. 2015) (finding protection of “phone numbers, email addresses, names, signatures, and initials of . . . INS agents” appropriate). Therefore, the same information we are withholding under FOIA Exemption 6 is also subject to withholding under FOIA Exemption 7(C).

There are no fees associated with the processing of this FOIA request.

The undersigned is responsible for this partial denial determination. Since this is an interim response, the instructions for filing appeal will be provided with our final response.

Sincerely,

DAVID WILBURN
RIGGINS
