91-7.1 Current FAA Advisory Circulars Applicable to AIP
Projects - Mark Beisse (267-8826).

An updated list of "Current FAA Advisory Circulars for AIP Projects" is attached. The list should be provided to airport sponsors and States participating in the State block grant pilot program. The date on the list should also be written into Standard Assurance 34 "Policies, Standards, and Specifications." In the future, a facsimile of the list will be distributed to regions as a PGL on or about the day of issuance. This will ensure that it is available when needed and can be identified as the latest version at any time.
