

# Appendix A: List of NPIAS Airports with Five-Year Forecast Activity and Development Cost

---

## EXPLANATION OF TERMS AND ABBREVIATIONS USED IN APPENDIX A

<i>City</i>	The city generally associated with the airport.								
<i>Airport</i>	The official name of the airport or designated abbreviation.								
<i>LocID</i>	The unique airport location identifier for an airport.								
<i>Hub Type</i>	<p>The term “hub” is used by FAA to identify very busy commercial service airports as measured by passenger enplanements. Primary commercial service airports are grouped into four categories. Large hubs are those airports that each account for at least one percent of total U.S. passenger enplanements; medium hubs for between 0.25 percent and one percent, small hubs for between 0.05 percent and 0.25 percent, and non-hubs for less than 0.05 percent of all enplanements, but more than 10,000 annual enplanements.</p> <table><tr><td>L</td><td>Large Hub</td></tr><tr><td>M</td><td>Medium Hub</td></tr><tr><td>S</td><td>Small Hub</td></tr><tr><td>N</td><td>Non-Hub</td></tr></table>	L	Large Hub	M	Medium Hub	S	Small Hub	N	Non-Hub
L	Large Hub								
M	Medium Hub								
S	Small Hub								
N	Non-Hub								
<i>Role</i>	<p>One of four basic airport service levels which describe the type of service that the airport currently provides to the community and is anticipated to provide the community at the end of the five-year planning period. The service levels also represent funding categories for the distribution of Federal aid. New airports opening beyond the five-year period are not shown in Appendix A; however, any five-year costs associated with the development of these airports are included in Table 9.</p> <table><tr><td>P</td><td>Commercial Service – Primary</td></tr><tr><td>CS</td><td>Commercial Service – Non-Primary</td></tr><tr><td>R</td><td>Reliever Airport</td></tr><tr><td>GA</td><td>General Aviation Airport</td></tr></table>	P	Commercial Service – Primary	CS	Commercial Service – Non-Primary	R	Reliever Airport	GA	General Aviation Airport
P	Commercial Service – Primary								
CS	Commercial Service – Non-Primary								
R	Reliever Airport								
GA	General Aviation Airport								
<i>Enplaned</i>	The number of revenue passengers expected to be boarded at the airport during the fifth year of the five-year planning period.								
<i>Bsd Acft</i>	The number of locally owned aircraft expected to be hangared or based at the airport at the end of the five-year planning period.								

***Dev Cost*** The estimated five-year costs for airport improvements that are eligible for Federal development grants under the Airport Improvement Program. The costs identified are for development only; approximately \$266 million in planning costs are excluded from the development estimates. Planning costs have increased 50 percent from the last report (\$177 million).

**Note:** The data presented in these tables were compiled as of July 2006.
