CONDITIONS OF ASSIGNMENT

- Note: This RFA does not authorize use of frequencies between 4660 MHz - 4685 MHz and frequencies above 4940 MHz.
- Use of any/all assigned frequencies from this RFA must be coordinated with DoD AFC AZ.**
- All suspected Radio Frequency Interference (RFI) to assigned frequencies shall be reported to DoD AFC AZ and a Spectrum Interference Report submitted in accordance with CJCSI 3320-02E.
- UAS operations are authorized within the Area Borders to 15,000 feet above ground level (AGL).
- This RFA does not provide priority rights for spectrum use as a number of spectrum dependent systems of the Department of Defense operate within the frequency band. Accordingly DoD AFC AZ may restrict the use of any/all assigned frequency pairs to prevent radio frequency interference and/or support testing or training activities and exercises within southeastern Arizona.
