

LOSS OF DOWNLINK

New Mexico National Guard, Santa Fe, New Mexico (Army National Guard Aviation Operations and Air National Guard Aviation Operations/ Airfield Management Operations) will utilize the standard lost link procedure point as the takeoff point annotated on the flight plan in the designated airspace. Upon notification of lost link, New Mexico National Guard, Santa Fe, New Mexico (Army National Guard Aviation Operations/ Airfield Management Operations) will attempt radio contact with units and/or aircraft to relay information as well as contacting ATC as required. The UAS platoon will dispatch a vehicle immediately to the lost link point in the event of a lost link.
