Director of Risk Management

Subject: Air Worthiness Statement

To whom it may concern,

The Barona Reservation has authorized me to accept the following Air Worthiness Statement (AWS).

"The Barona Reservation has evaluated the Spectra UA system and have found it to be airworthy and safe to operate under the attached limitations, policy and procedure. These unmanned aircraft will be considered an asset controlled by the National Incident Management System (NIMS) and the Incident Command System (ICS) for fire support activities."

Respectfully,

A handwritten signature in blue ink that reads "Jay Bart". The signature is fluid and cursive, with the first letters of "Jay" and "Bart" being capitalized and prominent.
