TO: Mr. Matt Fladeland
NASA Ames Earth Science Division

FROM: Mr. G. Warren Hall, Chairman
Airworthiness and Flight Safety Review Board, Ames Research Center

Mr. Munro G. Dearing, Chairman
Flight Readiness Review Board, Ames Research Center

SUBJECT: AOS Airworthiness Statement and Flight Release

NASA Ames Research Center has completed a formal review in accordance with NASA policy APR 1740.1 and has granted the Atmospheric Observing Systems UAS an airworthiness statement and flight release.

The AOS UAS is authorized to conduct flights within the airspace at Crows Landing in accordance with the provisions of a Certificate of Authorization (COA) issued by the FAA.

Mr. G. W. Hall, Chairman
Airworthiness & Flight Safety Review Board

Mr. Munro G. Dearing, Chairman
Flight Readiness Review Board
