TO: (b) (6)  
Exploration Aerial Vehicle (EAV) Project

FROM: (b) (6)  
Airworthiness and Flight Safety Review Board, Ames Research Center

(b) (6)  
Flight Readiness Review Board, Ames Research Center

SUBJECT: EAV Airworthiness Statement and Flight Release

NASA Ames Research Center has completed a formal review in accordance with NASA policy APR 1740.1 and has granted the EAV UAV an airworthiness statement and flight release.

The EAV UAV is authorized to conduct flights within the authorized airspace at Moffett Field in accordance with the requirements of the current and applicable Certificate of Authorization (COA) issued by the FAA.
