Subject: Certificate of Waiver or Authorization Extension for the Jet Propulsion
Laboratory (JPL) Certificate of Waiver or Authorization 2007-AHQ-1

As you may or may not be aware, the UAS Executive Committee (ExCom), a multi-agency group, has chartered a working group to look at the COA process. While this issue is being worked, we have decided to extend existing COAs that expire within the next 90 days. If you are receiving this, you have complied with the COA incident/accident and normal reporting provisions. Therefore, an extension is granted to the JPL to operate the AS 800B Blimp Unmanned Aircraft System as depicted in 2007-AHQ-1. The new expiration date is August 31, 2010.
