

Federal Aviation Administration

Memorandum

Date: December 23, 2009
To: Manager, System Support Group, Western Service Area

Ardyth M. Williams

From: Ardyth Williams
Air Traffic Manager, Unmanned Aircraft Systems

Prepared by: Randy Willis
Air Traffic Control Specialist

Subject: Certificate of Waiver or Authorization (COA) Extension for the National Aeronautics and Space Administration (NASA) Certificates of Waiver or Authorization 2008-WSA-11, 2008-WSA-12, 2008-WSA-39 and 2008-WSA-55

As you may or may not be aware, the UAS Executive Committee (ExCom), a multi-agency group, has chartered a working group to look at the COA process. While this issue is being worked, we have decided to extend existing COAs that expire within the next 90 days. If you are receiving this, you have complied with the COA incident/accident and normal reporting provisions. Therefore, an extension is granted to the National Aeronautics and Space Administration to operate the RMAX (2008-WSA-11 and 2008-WSA-12), the Sig Rascal 110 (2008-WSA-39), and the Exploration Aerial Vehicle (2008-WSA-55) Unmanned Aircraft Systems. The new expiration date is August 31, 2009.
