

## **Attachment 12 Visual Surveillance/Detection Capability**

Applicable regulations set forth in 14 CFR, including all Subchapters which apply directly to operations beyond the 12NM territorial limit of the United States will be strictly adhered to

At a minimum, the regulatory limits established in FAR Part 121.161 as a primary means of administering the safety protocols required of ICA Article 3(d) FAR Part 91.113(a) & (b) (Right of way rules: Except water operations) and 91.115 (right of Way Rules: Water Operations) will be incorporated as part of its “see and avoid” safety protocols.
