Subject: 2012-CSA-59-R (Texas State University) - Operations Area definition

Dr. Hardy,

Please verify, so I can upload this into your COA application, that your operations area is the following:

"Operation of the AggieAir Unmanned Aircraft System (UAS) in Class G and E airspace at or below 1,000 feet Above Ground Level (AGL) southwest of San Marcos airport under the jurisdiction of the San Antonio TRACON"

Also, please verify that your launch point will be from a privately owned farm located at the following coordinates:

29:48:07.81N / 097:53:28.38W

and will remain:

within 1 NM of the PIC/launch point

Joe
