Subj: NOTE TO HOLDER ON UAV SHADOW SYSTEM

1. The Unmanned Aerial Vehicle (UAV) Shadow system is a United States Army developed system. Recently the United States Marine Corps (USMC) have procured these systems for use by USMC forces in and outside of the continental United States. There are multiple J/F certifications associated with this system. For USMC forces to operate this system each certification needs to include the operating areas if not already covered and United States Navy and United States Marine Corps as operating departments. This memorandum is to update the certifications with the required information so Marine forces can start training and operating this system.

2. Request the following modifications on the J/F 12 certifications as indicated no later than 12 Oct 07 due to operational requirements scheduled to begin 1 Nov 07.

a. J/F 12/07996 TUAV CMD and CNTRL

(1) DOD General Information Page. Add under paragraph 7c US&P or MCB Camp Lejeune, NC, MCB Bogue Field, NC, MCAS Cherry Point, NC, and MCAS Beaufort, SC.

(2) NTIA General Information Page. Add under paragraph 18 remarks paragraph US&P or MCB Camp Lejeune, NC, MCB Bogue Field, NC, MCAS Cherry Point, NC, and MCAS Beaufort, SC.
