

COA System Description

In accordance with Cooperative Research and Development Agreement 08-CRDA-0245, the NMSU/PSL Unmanned Aircraft Systems Flight Test Center may process, take through the FAA approved airworthiness process, all UAS approved by the FAA (ATO/AFS 407). The FAA UAPO (AFS-407) performs oversight of the NMSU/PSL process and provides an approval of the UAS FTC airworthiness statement prior to all Flights.
